IMPORTANT GOVERNMENT ORDERS.

Recovering Boarding Charges from such of the Boarders of the Sri Narasimharaja Hostel, Bangalore, as are able to pay.

READ—

Correspondence ending with letter No. A. 5. 8504-998 of 27-28, dated 28th August 1931, from the Director of Public Instruction in Mysore, in the matter of recovering boarding charges from such of the boarders of the Sri Narasimharaja Hostel. Bangalore, as are able to pay.

ORDER NO. E. 1655—EDN. 115-31-2, DATED 31ST OCTOBER 1931.

The Director reports that in connection with the question of recovering boarding charges from such of the boarders of the Sri Narasimharaja Hostel, Bangalore, as are able to pay, he issued instructions to the authorities of the hostel to satisfy themselves about the capacity of the boarders to pay before making admissions in June 1931, and that subsequently the President of the Hostel submitted the following proposals, which he (Director of Public Instruction) approved:—

(i) that parents or guardians of the boarders might for purposes of admission to the hostel be considered as well-to-do, fairly well-to-do or poor according as their income exceeded Rs. 50, or lay between Rs. 50 and Rs. 20 or was less than Rs. 20 per mensem respectively,

(ii) that boarding and other charges be recovered in full from the well-to-do boarders,

(iii) that the half of the boarding and other charges be recovered from the fairly well-to-do boarders,

(iv) that lodging be free in either of the above cases,

(v) that "poor" boarders be maintained free of cost as heretofore.

Later on, however, the President of the Hostel sent modified proposals recommending that boarders whose parents pay a land assessment of Rs. 50 and upwards a year or get a monthly income of more than Rs. 50 be considered as "well-to-do" and that in order to avoid any possible misunderstanding between paying and non-paying boarders, no 'well-to-do' or "fairly well-to-do" boarders be taken into the hostel, admission being restricted only to poor students.

The Director is not in favour of the modified proposals and prefers to adhere to his original order. Government agree with the Director.

R. RANGA RAO,
Chief Secretary to Government.

Working of the Archæological Department.

READ—

Report on the working of the Archæological Department for the year 1928-29, received from the Registrar, Mysore University, with his letter No 3413, dated 1st August 1931.

ORDER NO. E. 1844-55—UNI. 34-30-5, DATED 16TH NOVEMBER 1931.

Recorded.

2. The Report has been received very late. It is hoped that such delay will be avoided in future.

3. Arthasastra Visarada Vidyalankara Dr. R. Shama Sastri, B.A., Ph. D., (Cal.) who held the Directorship of the Department from 1922, went on leave from 5th October 1928, preparatory to retirement and finally retired from service on 6th February 1929, after a total service of about 29 years. Government record with pleasure their appreciation of the valuable service rendered by him in the field of Archæology.

4. Dr. M. H. Krishna, M.A., D. Litt. (Lond.), Professor of History, Maharaja's College, Mysore, was appointed Director on 6th February 1929, in addition to his own duties. There was no other change in the staff of the Department during the year.

5. The Director toured in parts of the Mysore, Hassan, Kadur and Chitaldrug Districts in connection with the conservation and study of ancient monuments and for selecting suitable sites for excavation. His Assistant tourned in parts of the Tumkur District to collect inscriptions and make a survey of other antiquities. The Architectural Assistant and the Travelling Pandit surveyed ancient monuments and collected inscriptions and manuscripts in the Shimoga, Kadur, Hassan, Chitaldrug and Mysore Districts. A detailed survey of manuscripts was made during the year in parts of Tirthahalli, Nagar, Chikmagalur, Mudigere, Channarayapatna, Kadur, Chitaldrug and Hiriyur Taluks. An important activity of the Department during the year under report was the excavation of the Chandravalli site near Chitaldrug, which has been highly productive of finds. The introductory pages and notes on the trial excavations only have now been published, but it is hoped to issue with the next report a description of the main excavation and a detailed and fully illustrated statement of the finds.

The number of monuments newly surveyed and studied during the year is more than 20, the most important architectural discovery being a beautiful Hoysala Temple at Agrahara, Belaguli, Channarayapatna Taluk. The total number of records collected during the year was 120 which mostly belong to various famous Dakhan Dynasties like the Gangas, the Chalukyas, the Yadavas, the Hoysalas and the Vijayanagar Emperors. A copper plate grant received from Kolhapur, and deciphered with considerable difficulty is said to have yielded exceedingly valuable information about the early Rashtrakuta Empire of the 6th Century A. D. The oldest and the most interesting of the epigraphical discoveries was a rock inscription of the Kadamba Mayura Sarman in prakrit language and Brahmi characters which is said to have thrown new light on the condition of the Dakhan in the 3rd Century A. D. A separate chapter has been devoted in the report to the numismatic studies which had been suspended by the Department for many years. The most important work of this nature done by the Department during the year under report was the unearthing and study of a large number of very ancient coins in the course of the excavation at Chandravalli. Eight manuscripts were examined during the year.

At the invitation of various bodies, the Director and the members of the staff delivered more than 20 lectures on historical and architectural subjects at Mysore, Bangalore, Chitaldrug and Belgaum, several of these having been illustrated with lantern slides.

Government are pleased to record their appreciation of the work done by the Department during the year.

Chief Secretary to Government.

Working of the Sericultural Department for the year 1930-31.

READ—

Report on the working of the Sericultural Department during the year 1930-31, received with letter No. D. 4 per 1931-32, dated the 5th October 1931, from the Director of Industries and Commerce in Mysore.

ORDER THEREON No. D. 2335-44—SERI. 19-31-3, DATED 16TH NOVEMBER 1931.

Recorded.

2. The year was very unfavourable for the expansion of the Silk Industry in Mysore owing to the abnormally low prices that obtained in the case of both silk and

cocoons. It is reported that there was no demand at all for silk reeled either in country charakas or in domestic basins. The seasonal conditions in the past few years have also affected the acreage under mulberry, which has been continually on the decrease as the following figures indicate:—

	Acres.
1926-27	53,483
1927-28	50,192
1928-29	46,512
1929-30	43,624
1930-31	42,881

Mulberry gardens in certain parts of Chamrajnagar and Yelandur Taluks suffered during the year under review on account of attacks by caterpillars and grasshoppers. Efforts were made by the Department by personal talks and circulation of pamphlets in Kannada, to explain to those engaged in the industry the causes for the slump in the industry and to dissuade them from uprooting mulberry. Remedial measures were also suggested for combating the caterpillars' pest, etc.

The Government Grainages at Channapatna, Mysore, Kunigal, Kolar, Mugur and Sidlaghatta prepared 12,90,804 disease free layings during the year as against 10,44,540 layings prepared during the year 1929-30 and they supplied 12,17,649 layings to the Silk Farms and Sericulturists as against 9,79,000 layings during the preceding year.

There was an increase in the number of Aided Grainages from 11 to 13 during the year. These prepared and distributed 12,41,456 layings to 726 persons during the year as against 6,89,207 during 1929-30. It is gratifying to note that these Aided Grainages are becoming increasingly popular and are serving a very useful purpose and that a number of young men have come forward to be trained in the Government Farms with a view to starting such grainages.

The hybrid layings prepared by using the moths of new stock of seed obtained from Japan are reported to have given good results. It is also reported that arrangements have been made to obtain fresh stock of seed every year from Japan. It is hoped that the supply of hybrid layings will be considerably increased in future.

Experimental work continued to receive special attention in the Central Farms at Channapatna and Mysore. The rearing of pure foreign races obtained from Japan during 1929-30 was continued. Experiments were conducted to raise grafts of several foreign varieties of mulberry on Mysore Mulberry. Spraying experiments with potassium sulphide to eradicate mildew in mulberry were tried with encouraging results. Experiments were started to study the quality of silk produced by the cocoons of several combinations of foreign races with Mysore race.

The Government Silk Filature at Mysore worked for only nine months in the year and produced 4,941 lbs. of silk. It had to be closed for about three months, due to the sudden fall in the demand and the very low prices obtained for high grade silk. For the same reason all the domestic basins ceased to work by the end of December 1930, and it was possible to sell only five basins during the year.

Government sanctioned the installation, as an adjunct to the Silk Filature, of a demonstration plant for weaving high grade silk fabrics from Mysore Silk. The machinery has arrived and been installed and the work in the Weaving Section is expected to be started early in November 1931.

To improve the quality of silk produced in the country and to provide a subsidiary occupation for gosha ladies, grants were sanctioned for the starting of more silk twisting classes. In addition to the three schools started during the year 1929-30, four new schools were started during the year at Chikballapur, Huliyurdurga, Hadli and Vittalpur. Altogether about 250 people have been trained so far in these schools and about 40 people are expected to get trained in Hadli and Vittalpur. The demand for twisting schools is on the increase.

The work of the Department during the year was satisfactory.

5. Correspondence ending with letter No. 53, dated the 21st September 1931, from the Director of Horticulture in the matter of possible retrenchments in his department during the year 1931-32.

ORDER No. E. 1756-8—G. G. 71-30-16, DATED 7TH NOVEMBER 1931.

The Director has forwarded two statements, one of items from the current year's budget of his department from which savings to the extent of Rs. 14,465 could be effected and the other of extra grants aggregating Rs. 7,695-13-8 absolutely necessary to pay up pending bills and to carry on the work of certain sections of the Department. Out of the amount of Rs. 14,465 proposed for retrenchment, a sum of Rs. 5,165 has already been ordered to be reduced in Government Orders, dated 6th June 1931 and 14th September 1931 and letter of General Secretary, dated 19th June 1931 read above. The actual amount now surrendered by the Director is therefore only Rs. 9,300. Against this, the Director wants extra grants to the extent of Rs. 7,700.

Government are pleased to direct that the above surrenders be accepted. As regards the extra grants asked for, the question will be further examined and separate orders

will issue for the necessary reappropriation of funds. Pending such orders, the Director of Horticulture is requested not to incur any expenditure from the above savings. A statement of savings to be effected in budget grant of the Department for 1931-32, as approved by Government, is appended to this order.

Village Courts.

READ—

Letter No. P. 32, dated 9th October 1931, from the Registrar, High Court, forwarding a copy of the brief review on the working of the Village Munsiffs' Courts during the year 1930-31.

ORDER No. P. 2573-82—CTS. 78-31-2, DATED 7TH NOVEMBER 1931.

Recorded.

2. Out of 190 courts in existence, it is observed that only 90 courts tried cases. No suits were filed in 100 courts and 19 courts did not do any work even though some suits were pending on their file. The reasons for the dormant condition of so many courts require investigation and it is hoped that the Deputy Commissioners who are reported to be examining the question of improving the village courts or abolishing such of the courts as cannot be brought into working order, will forward their reports early.

It is, however, a gratifying feature that the disposals have increased by 56 suits, being 1,990 against 1,934 in the previous year and the pendency has decreased from 811 to 750.

The rules regarding the custody, arrangement and distribution of records have to be strictly observed. It is only in the Districts of Bangalore, Kolar, Shimoga and Kadur, that the rules are reported to have been observed. The Deputy Commissioners of other Districts are once again requested to see that the rules are strictly enforced in all the courts.

Deputy Commissioners of Districts are requested to see that greater attention is paid by themselves and the Sub-Division Officers and Amildars in the matter of supervising the work of these courts and guiding the Village Munsiffs with a view to make these institutions more useful, popular and efficient.

Working of the Stamp Department for the year 1930-31.

READ—

Letter No. Per 25—30-31, dated 1st October 1931, from the Commissioner of Stamps, forwarding the Annual Report on the working of the Stamp Department for the year 1930-31.

ORDER THEREON No. FL. 3377-87—ST. 15-31-3, DATED 13—14TH NOVEMBER 1931.

Recorded.

2. There was a sharp decline in revenue from Rs. 22,17,542 of the previous year to Rs. 20,40,312 in the year under review. The decrease (Rs. 1,77,230) was mainly due to the fall in the sale of General and Hundi Stamps on account of unfavourable seasonal conditions, trade depression and tightness of the money market.

3. It is observed, that out of a total demand of Rs. 92,419 under institution fees awarded in pauper suits, a sum of Rs. 7,302 only was recovered and that the balance exclusive of remission granted yet to be rocovered was Rs. 81,019. The Commissioner of Stamps is requested to issue necessary instructions for the prompt realization of all recoverable arrears.

4. Government note that the working of the Department during the year was satisfactory.

Retrenchments in the Agricultural Department.

READ—

Recommendations of the Mysore Retrenchment Committee regarding retrenchments in the Agricultural Department.

2. Letter No. R. O. C. 2246—30-31, dated 1st October 1931, from the Director of Agriculture, submitting proposals to effect savings in the grants provided in the Budget of 1931-32.

3. Correspondence ending with letter No. R. O. C. 2246 of 30-31, dated 4th October 1931, from the Director of Agriculture on the subject.

ORDER NO. FL. 3410-12—G. F. 100-31-1, DATED 16—17TH NOVEMBER 1931.

The recommendations of the Retrenchment Committee made in their report contemplate a saving of Rs. 1,05,861 in the Agricultural Section, Rs. 1,81,375 in the Civil Veterinary Department and Rs. 4,510 in the Amrit Mahal Department.

2. The economies proposed are:—

Agricultural Section.

(1) Reduction of the scale of pay of the Head of the Department to Rs. 1,400.
(2) Replacement of the highly paid Head Quarter Deputy Director (Rs. 750—50—1,000) by an Office Assistant on a lower rate of pay.
(3) Abolition of the Financial Assistant to Director on pay (Rs. 250—25—450).
(4) Retrenchment of the Senior Artist (Rs. 100—20—200) plus Conveyance allowance of Rs. 20.
(5) Reducing one Assistant in each of the four Scientific Sections.
(6) Abolition of one of the Divisional Deputy Directors.
(7) Abolition of the Kar-Ragi Breeding Station.
(8) Winding up of the Nagenahalli Paddy Breeding Station.
(9) Closing the Agricultural School at Hassan.
(10) Reduction of grants under travelling allowances, contingencies and special charges, etc.

Civil Veterinary Department.

(11) Reducing the scale of pay of the Superintendent from Rs. 300—25—500 plus Personal Allowance of Rs. 100 to Rs. 250—25—450.
(12) Abolition of two Veterinary Divisions.
(13) Abolition of the charge allowance to Veterinary Inspectors in charge of Hospitals.
(14) Disbandment of the Mobile Corps for combating rinderpest.
(15) Reduction of grants under Cattle Breeding Station, Travelling Allowances, Contingencies, Scholarships, Serum Institute, Purchase of Serum, etc.

Amrit Mahal Department.

(16) Combination of the Offices of the Amrit Mahal Superintendent and Live Stock Expert.
(17) Reduction of travelling allowances, contingencies and special charges.

3. Some of these recommendations submitted in the form of interim resolutions of the Committee when the current year's budget was under preparation have already been accepted by Government with a few modifications and orders have been passed regarding items (3), (10), (11) (15) (16) and (17). A saving of Rs. 1½ lakhs has thus been effected out of Rs. 2,91,746 proposed by the Committee.

4. The rest of the items are dealt with as indicated below :—

5. Government observe that item No. (1) does not arise now. As regards the recommendations made for reduction of appointments and scales of pay under items (2), (5), (6) and (12), Government do not consider it possible to accept them at present. These suggestions will, however, be kept in view and be considered in due course as and when occasions arise.

6. As regards item (4), Government accept the opinion of the Director that the post of Junior Artist may be temporarily suspended as soon as the present incumbent is provided for elsewhere. Proposals in this behalf are awaited.

7. The Director considers that both the Kar Ragi Breeding Station at Hunsur and the Nagenahalli Paddy Breeding Station (items 7 and 8) are serving the Agricultural needs of certain important areas of the State and that it is most undesirable to abolish them. Government agree with him. The Director will, however, be requested to limit the expenditure on these stations to the absolute minimum possible.

8. As regards the closing of the Agricultural School at Hassan (item 9) which is financed partly by Government and partly by the District Board, Hassan, the question will be further examined in consultation with the Board.

9. The question of abolishing the charge allowance of Rs. 10 paid to each of the Veterinary Inspectors in direct charge of Hospitals (item 13) is under examination and separate orders will issue in the matter.

10. The Mobile Corps has been reduced from 6 units to 3 from 1st July 1931. The Director considers that the question of disbanding this staff altogether as recommended by the Committee (*vide item* 14) may be considered towards the end of the current official year as rinderpest outbreaks generally begin in December and extend up to March. Government accept the opinion of the Director.

11. In further consultation with the Director, Government have been able to effect savings in several other directions and the detailed proposals submitted by him are slightly modified and sanctioned as shown in the accompanying statements. They result in a net saving of Rs. 44,278 in the provisions made in the current year's Budget.

12. The total retrenchment effected in the expenditure of the Agriculture, Civil Veterinary and Amrit Mahal Departments is thus Rs. 1,95,478.

Deputy Commissioner.

COMPTROLLER'S OFFICE, BANGALORE.

SUBJECT.—**Instructions regarding the manner in which the reductions due to cut in salaries should be shown in the Salary and Establishment Bills, etc.**

Circular No. 212—*TAD.Mis., dated* 13*th* *November* 1931.

To

(1) All Gazetted Officers.
(2) All Treasury Officers.
(3) All Heads of Offices and Disbursing Officers.

Attention is invited to G. O. No. F1. 3081-140—G. F. 90-31-1, dated 2nd November 1931, published in the *Mysore Gazette*, dated 5th November 1931, directing a percentage reduction in salaries of Government Officers with effect from 1st November 1931 (*i.e.*, in respect of salaries and leave allowances accruing from and after that date). All Gazetted Officers will study this Government Order carefully and draw salary accordingly. The Treasury Officers also will study the rules and see if the amounts drawn by the Gazetted Officers are correct. No separate Pay Slip will be issued by the Audit Office in the present case as the alterations in salaries are in accordance with the General Order of Government quoted above. If any doubt is felt by the Gazetted or Treasury Officers in particular cases, they may refer the same to the Audit Office for opinion, the undisputed claim only being claimed or passed pending the receipt of instructions of the Audit Office. The salary cut will apply to acting, and charge allowances and *sub pro tem* pay, and all items included under the definition of pay excepting "Duty Allowance".

2. In the case of Non-Gazetted Officers, the drawing officers are responsible to see that correct amounts are drawn and they will also similarly get all doubts cleared by addressing the Audit Office Pending instructions from the Audit Office, it would be safer to draw the lesser undisputed amount, the difference, if any, being left to be claimed later. The Treasury Officers should see that retrenchment orders issued by the Audit Office for excess payments, if any, noticed in audit are given effect to promptly.

3. The following instructions are issued regarding the manner in which the present sanctioned rates of salaries and the reduced rates should be shown in the salary and establishment bills and other documents.

(*a*) **Salary Bills of Gazetted Officers.**—

The column "Monthly Rate" will be split up into two, to show unreduced and reduced salary making them "U. R. S." and "R. S." respectively, a portion of the blank space in the Salary Bill Form to the left of the money column being utilised for opening the additional money column. These two columns will be separately totalled so that the total sanctioned amount as per scale before and after reduction may be readily known. In the last money column "Amount", the amount claimed as per reduced rates will be shown.

(*b*) **Establishment Bills.**—

In columns 4 to 7, the unreduced pay or salary will be shown as hitherto and the total of the reduced salary (including allowances) will be shown in column 8 (Now used for noting amounts held over for future payment), the heading being changed as "Reduced salary." Amounts withheld and Fines, will be noted in Column 9 (Fines) the heading being changed as "withheld amounts and fines", fines being entered in the respective places in red ink with a distinctive mark "F" the black ink entries representing withheld amounts. There should be separate totals for "withheld amounts" and fines.

(*c*) In all financial documents appended to Establishment Bills such as Statement of Substantive changes, Absentee Statement, Increment Certificate and Last Pay Certificate, both the original (unreduced) and reduced rates of pay or salary should be shown separately. Similarly, these will be noted in the Office Baraward (Acquittance Roll) and Service Books also for future reference.

4. In the case of advances for purchase of Motor Cars and for building and purchasing houses, an officer has the option of paying at present rates or to pay instalments of reduced amounts based on his reduced salary. In some cases it may so happen that the reduced salary may be more than the salary at the time the advance was drawn and on which the present instalment is based. In such cases, the present instalment will continue unchanged. In other cases, each officer will state in the remarks column of the deduction statement attached to the bill for November 1931, whether he will continue to pay according to his unreduced salary or elects to pay on the basis of the reduced salary, *i.e.*, 25 per cent thereof in the case of House Building Advances and 1/9 of the reduced salary in the case of Motor Vehicle Advances. The election made will have to be adhered to for the future. In all cases in which the amount of repayment towards the principal is reduced, the Audit Office will intimate in due course the amount to be deducted monthly towards interest. Pending receipt of such intimation and subsequent adjustment, the amount at present being deducted towards interest will continue to be deducted.

5. In cases in which house rent is recovered as a proportion of an officer's salary, it will be calculated on the reduced salary after cut.

S. SHAMANNA,
Comptroller.

2. Letter dated 31st July 1931, from the Chairman of the Meeting of the Directors of all the Co-operative Societies in Mysore City held on 30th July 1931, bringing to notice among other things, the inconveniences and difficulties experienced by Co-operative Institutions as a result of the partial withdrawal of the concessions hitherto enjoyed by them in obtaining, for use, stamps and stamp-papers of all required denominations and in having to give up the use of printed bond forms with blank spaces which most of the Societies are now using.

3. Government Notification No. Fl. 908—St. 3-31-2, dated 3rd August 1931, notifying the arrangements made for the issue of stamps of the value of half anna which are mostly required for ordinary purposes in Co-operative transactions.

4. Letter No. C. 65—31-32, dated 7th September 1931, from the Commissioner of Stamps in Mysore, forwarding his suggestions for the removal of the inconveniences and difficulties pointed out in the letter read above.

5. Government Notification No. Fl. 1852—St. 7-31-6, dated 16th September 1931, issuing a new rule under the Stamp Regulation permitting the affixing of half anna and one anna adhesive stamps to the General Stamp Paper to make up any required deficiency in the value of the denomination of the paper.

ORDER NO. D. 2443-5—C. S. 40-31-2, DATED 18—20TH NOVEMBER 1931.

Stamps of the value of half anna which are commonly required for Co-operative transactions have now been made available and the difficulty experienced in this connection thus overcome.

2. As regards the difficulty pointed out by the Directors of the Co-operative Societies in Mysore City in obtaining forms of bonds and documents referred to in Appendix B to the Rules framed under the Stamp Regulation, Government observe that ordinarily General Stamp Papers of the required denominations can be obtained from all stamp vendors. But where, as in the case of many Co-operative Institutions, these forms have been printed already, such printed forms may be sent to the Superintendent of Stamps for impressment with the stamps of the required denominations. Such of the Co-operative Institutions as are able to determine within what limits transactions in them are most numerous may arrange to keep in stock a number of impressed bonds of denominations which will meet their ordinary requirements, leaving other transactions to be dealt with on individual requisition for impressment of stamps.

Passes orders on the recommendations of the Malnad Economic Enquiry Committee.

READ—

Government Order No. R. 5663-68—L. R. 379-30-21, dated 14th April 1931, appointing a Committee to enquire into the General Economic condition of the Malnad raiyats, including their indebtedness, to consider what facilities might be created for marketing their special produce and to suggest other remedial measures as the circumstances may seem to require.

2. Government Order No. R. 810-15—L. R. 379-30-72, dated 11th August 1931, passing orders on some of the urgent and interim suggestions of the Committee for the relief of the Malnad Agriculturists.

3. Correspondence ending with letter No. 2491—C. S., dated 26th September 1931, from the Registrar of Co-operative Societies, furnishing his own views on the recommendations of the Committee relating to his Department.

ORDER No. D. 2469-75—C. S. 44-31-2, DATED 24TH NOVEMBER 1931.

The Registrar of Co-operative Societies states, in respect of the Committee's recommendation regarding the postponement of execution of Co-operative Societies' decrees, that the Department has all along permitted Societies in view of the prevailing economic depression to renew loans on recovery of a small percentage of the principal and up-to-date interest, and in some cases even on payment of the interest only and that decrees granted are mostly against persons who are confirmed defaulters He also states that (in the case of persons who have been granted loans during the last one or two years) the Societies have been further advised to extend the period of repayment of the principal or to renew the loans freely after recovering only the up-to-date interest thereon.

The Registrar further recommends as follows:—

" (i) No postponement of execution need be given in the case of decrees which relate to very old loans in respect of which there has been continued default by the members. Even in these cases, if all up-to-date interest and a small portion of the principal, say, 12½ per cent is paid, the Revenue Authorities may suspend execution and return the cases to the Assistant Registrars for further instructions. The Assistant Registrars may advise in all deserving cases the grant of fresh loans by the Societies.

(ii) In the case of decrees which have been obtained in respect of fresh loans granted recently after 1st January 1930, further time of five or six months till the next harvest season may ordinarily be granted. If in any case such extension will be detrimental to the recovery of the amount, the society concerned may make a special application to the Assistant Registrar for immediate steps being taken.

(iii) In regard to the suits filed during the current year, the Assistant Registrars may be instructed to grant time till the next harvest season for payment of all up-to-date interest and a portion towards the principal, failing which the decrees may be sent for execution."

With regard to the other recommendation, that the Apex Bank may be induced to finance Malnad Societies to a larger extent, the Registrar reports that the Bank has been, to a fair extent, meeting the demands from societies in the Malnad for cultivation and other expenses and for other short term purposes, that the Bank has been requested to finance, as far as possible, the Societies in the Malnad to enable them to grant advances also upon the produce of the members of such Societies pending sale, that the starting of a Central Areca Sale Co-operative Society with godowns at Shimoga and affiliated societies or branches all over the areca growing area, may solve the problem ; but that in view of the present condition of trade and economic depression, the question can be taken up only when circumstances become more favourable.

Government agree with the above views of the Registrar of Co-operative Societies and are pleased to approve of the same.

Retrenchments in the Public Health Department.

READ—

The report of the Mysore Retrenchment Committee 1931, proposing among other things, certain retrenchments in the Public Health Department.

2. Correspondence ending with letter No. C. 731-10, dated the 23rd September 1931, from the Director of Health in Mysore, stating that with the reduced grant allowed for his Department in the current year's budget combined with the retrenchments since ordered, his budget has been very finely cut and that there is no possibility of effecting further retrenchment.

ORDER No. FL. 3418-21—G. F. 101-31-1, DATED 18TH NOVEMBER 1931.

The Retrenchment Committee have proposed a reduction of expenditure in the Health Department under various heads to the extent of Rs. 27,686.

The normal grants have already been reduced to the extent shown below while framing the budget of the Department for the current year :—

Public Health Institute.

	Rs.
Apparatus and Chemicals	1,000
Contingencies	1,500
Refrigerating Plant	1,400

Vaccine Institute.

Cost of Calves and Experimental Animals	1,500
Feeding Charges	200
Contingencies	900
Total ..	6,500

Out of the three Health Probationers sanctioned in Government Order No. G. 2060-80—Sany. 89-28-2, dated the 10th August 1929, there is only one now working as such. It is proposed to withdraw him also with effect from 1st November 1931, and post him to the charge of the Bureau of Health Education without extra cost. The result of this arrangement will be a saving of Rs. 210 on a clerk on Rs. 30 and saving of Rs. 230 on travelling allowance or a total of Rs. 440.

In addition to this, orders have issued in Government Proceedings No. G. 12052-3—Sany. 80-30-3, dated the 4th June 1931, sanctioning a reduction of expenditure amounting to Rs. 10,416 under salaries and establishment in the Public Health Department. Orders have also issued in Government Order No. Fl. 2320-70—S. & A. 123-31-1, dated 2nd October 1931, abolishing the duty allowance of Rs. 50 attached to each of the six District Medical Officers for attending to the Health work of six Districts, effecting a savings of Rs. 2,400 during the current year.

The net result is that a sum of Rs. 19,756 will have been saved in the expenditure of the Department during the current year.

Under the recent orders of Government directing that a cut of 25 per cent should be made under travelling allowance and that the strictest scrutiny should be exercised over contingent expenditure in all Departments, it is anticipated that a substantial further saving would be effected in this department also.

In these circumstances, Government agree with the Director of Health that there is very little scope for further retrenchments in a developing department like that of the Public Health.

Government, however, wish to impress upon the Director of Health the necessity to eschew all avoidable expenditure and to limit it to the minimum requirements consistent with safety to the maintenance of Public Health.

Fixing a monthly limit of Travelling Allowance to the several classes of Officers.

READ AGAIN—

Circular No. Fl. 9926-976—G. F. 216-30-1, dated the 30th June 1931, issuing instructions among others, in the matter of economising the provisions made for travelling allowance in the Budget Estimates of 1931-32.

2. Government Order No. Fl. 466-540—S. & A. 22-31-2, dated 16th July 1931, revising the rates and rules regarding the grant of travelling allowance.

3. Government Order No. Fl. 1795-1850—G. F. 54-31-1, dated 14th September 1931, reducing the current year's grant for ordinary travelling allowance by 25 per cent and for fixed travelling allowance by 20 per cent.

4. Recommendations of the Mysore Retrenchment Committee in regard to the reduction of expenditure on travelling allowance.

ORDER NO. FL. 3489-548—S. & A. 168-31-1, DATED 23RD NOVEMBER 1931.

The Retrenchment Committee have commented on the rapid increase of travelling allowance charges and have made several recommendations for economising expenditure in this direction.

2. Their proposals regarding the revision of the rates and rules of travelling allowance have already been considered and approved by Government and orders have been issued in the Government Order of 16th July 1931 read above.

3. As a further measure of arresting the growth of expenditure under travelling allowance, the Committee have discussed the desirability of extending the system of grant of fixed travelling allowance generally to all touring officers but have considered it necessary that examination should be made of the financial effects of the reduction in the rates now introduced, before arriving at a decision in this behalf. It is suggested that in the meantime, a tentative arrangement may be adopted of fixing a maximum monthly limit for each particular class of officers.

Government are pleased to accept this recommendation. The proposed arrangement has already been sanctioned in Government Order No. 1562-71—L. R. 39-31-6, dated 1st—2nd October 1931, for regulating the travelling allowance of the District Officers in the Revenue Department.

Government now direct that it be extended to officers in all departments of the State.

4. The following will be the provisional monthly limits applicable to the several classes of officers other than those who are exempted from the operation of the rule contained in Article 539 A. Mysore Service Regulations :—

Designation and Class of Officers	Rate of Daily allowance	Maximum monthly limit of travelling allowance under ordinary rules and rates
	Rs. a. p.	Rs.
Class I. Revenue Commissioner, Chief Conservator of Forests, Chief Engineer (Public Works Department) and Inspector-General of Police.	7 8 0	200
Class II. All other Heads of Departments and all Officers on salary not below Rs. 800.	7 8 0 and 5 0 0	150
Class III. Officers whose salary is Rs. 250 or more and is below Rs. 800.	4 0 0	100
Class IV. Officers whose salary is Rs. 150 or more but is less than 250.	1 14 0 to 3 2 0	50
Class V. All other touring officers ..	up to 1 14 0	35

5. With a view to minimise correspondence with Government, the Heads of Departments, specified in Appendix R of Mysore Service Regulations, are empowered to countersign the travelling allowance bills of the officers subject to their control where they exceed the maximum limits prescribed above. It should however, be distinctly understood that sanction by Heads of Departments should be accorded only in cases where the limit is exceeded for unavoidable reasons. The Comptroller is competent under Standing Orders to bring to the notice of Government, cases involving unnecessary and excessive expenditure under travelling allowance.

6. This order will have effect from 1st November 1931, and be in force for one year for the present.

2. Letter No. Ref. B. 287-31, dated 14th October 1931, from the General Manager, Mysore Iron Works, reporting that the Board of Management have, with a view to reducing the losses on the current operations of the Works, decided to give effect to the following measures of retrenchment:—

Circular No. 212—*TAD.Mis., dated* 13*th* *November* 1931.

To

(1) All Gazetted Officers.
(2) All Treasury Officers.
(3) All Heads of Offices and Disbursing Officers.

Attention is invited to G. O. No. F1. 3081-140—G. F. 90-31-1, dated 2nd November 1931, published in the *Mysore Gazette*, dated 5th November 1931, directing a percentage reduction in salaries of Government Officers with effect from 1st November 1931 (*i.e.*, in respect of salaries and leave allowances accruing from and after that date). All Gazetted Officers will study this Government Order carefully and draw salary accordingly. The Treasury Officers also will study the rules and see if the amounts drawn by the Gazetted Officers are correct. No separate Pay Slip will be issued by the Audit Office in the present case as the alterations in salaries are in accordance with the General Order of Government quoted above. If any doubt is felt by the Gazetted or Treasury Officers in particular cases, they may refer the same to the Audit Office for opinion, the undisputed claim only being claimed or passed pending the receipt of instructions of the Audit Office. The salary cut will apply to acting, and charge allowances and *sub pro tem* pay, and all items included under the definition of pay excepting "Duty Allowance".

2. In the case of Non-Gazetted Officers, the drawing officers are responsible to see that correct amounts are drawn and they will also similarly get all doubts cleared by addressing the Audit Office Pending instructions from the Audit Office, it would be safer to draw the lesser undisputed amount, the difference, if any, being left to be claimed later. The Treasury Officers should see that retrenchment orders issued by the Audit Office for excess payments, if any, noticed in audit are given effect to promptly.

3. The following instructions are issued regarding the manner in which the present sanctioned rates of salaries and the reduced rates should be shown in the salary and establishment bills and other documents.

The column "Monthly Rate" will be split up into two, to show unreduced and reduced salary making them "U. R. S." and "R. S." respectively, a portion of the blank space in the Salary Bill Form to the left of the money column being utilised for opening the additional money column. These two columns will be separately totalled so that the total sanctioned amount as per scale before and after reduction may be readily known. In the last money column "Amount", the amount claimed as per reduced rates will be shown.

(*b*) **Establishment Bills.**—

In columns 4 to 7, the unreduced pay or salary will be shown as hitherto and *the total* of the reduced salary (including allowances) will be shown in column 8 (Now used for noting amounts held over for future payment), the heading being changed as "Reduced salary." Amounts withheld and Fines, will be noted *in Column* 9 (Fines) the heading being changed as "withheld amounts and fines", fines being entered in the respective places in red ink with a distinctive mark "F" the black ink entries representing withheld amounts. There should be separate totals for "withheld amounts" and fines.

(*c*) In all financial documents appended to Establishment Bills such as Statement of Substantive changes, Absentee Statement, Increment Certificate and Last Pay Certificate, both the original (unreduced) and reduced rates of pay or salary should be shown separately. Similarly, these will be noted in the Office Baraward (Acquittance Roll) and Service Books also for future reference.

4. In the case of advances for purchase of Motor Cars and for building and purchasing houses, an officer has the option of paying at present rates or to pay instalments of reduced amounts based on his reduced salary. In some cases it may so happen that the reduced salary may be more than the salary at the time the advance was drawn and on which the present instalment is based In such cases, the present instalment will continue unchanged. In other cases, each officer will state in the remarks column of the deduction statement attached to the bill for November 1931, whether he will continue to pay according to his unreduced salary or elects to pay on the basis of the reduced salary, *i e.*, 25 per cent thereof in the case of House Building Advances and 1/9 of the reduced salary in the case of Motor Vehicle Advances. The election made will have to be adhered to for the future. In all cases in which the amount of repayment towards the principal is reduced, the Audit Office will intimate in due course the amount to be deducted monthly towards interest. Pending receipt of such intimation and subsequent adjustment, the amount at present being deducted towards interest will continue to be deducted.

5. In cases in which house rent is recovered as a proportion of an officer's salary, it will be calculated on the reduced salary after cut.

S. SHAMANNA,

N.*B*.—The sale will be continued on the morning of the next day, in case if it is not possible to complete it on the date notified.

Conditions.

1. Each bidder shall place a deposit of Rs. 200 with the officer conducting the sale but defaulters to the department will not be allowed to bid at the sales.

In the case of purchasers of timber in small quantities full value thereof will be accepted, if tendered on the spot and the payment of deposit in such cases will not be insisted upon.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale, can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as admission on his part of having bought such lot and of having accepted the terms of the sale as herein specified. All sales of which the amount exceeds Rs. 1,000 in each case are subject to the confirmation of the Conservator and in other cases to that of the District Forest Officer.

5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one-tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. The amount due by such defaulter on account of loss from resale shall be recovered from him as a revenue demand under Section 79 of the Mysore Forest Regulation. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

In cases of resales for default of payment of value where no bidders are forthcoming, it will be open to the District Forest Officer to fix such price as may appear to him to be reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued, to the defaulter intimating the price fixed by the District Forest Officer, for the unsold wood and the amount still due from him which will be recovered as arrears of Land Revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of sale or within 15 days after the date of notice of confirmation of the sale whichever is later. In case of purchasers of above Rs. 1,000 in value, the purchaser shall be permitted to pay up the balance in instalments of not less than Rs. 1,000 provided the full value is paid not later than the 20th June 1932. The money shall be paid into such treasury as the District Forest Officer may direct within the time specified.

8. If the amount is not fully paid for by the purchaser before the date fixed above the initial deposit as well as the other moneys already paid in, shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, excluding the 10 per cent deposit paid for the lot at the time of the sale; and no timber shall be removed from the depot unless a permit is obtained from the Forest Officer in charge of the depot. The earnest money will not be adjusted towards the value of timber until 90 per cent of purchase money over and above the security deposit has been paid.

10. Timber purchased should be removed as early as possible, and in no case should it be allowed to remain longer than 90 days after the dates fixed in clause 7 *supra*. Timber not removed after purchase, will remain in the Depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may, after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale; for the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. The security deposit or the balance thereof, if any, shall be returned to the purchaser after the full value of timber purchased has been paid for and the timber fully removed.

The recommendation of the Director is sanctioned.

Working of the Amrit Mahal Department for 1930-31.

READ—

Letter No. Per. 45—A. M. 79—31-32, dated 17th September 1931, from the Director of Agriculture, forwarding the Report on the Working of the Amrit Mahal Department for 1930-31, with his remarks thereon.

ORDER NO. D. 2480-9—L. & A. 7-31-3, DATED 23RD—24TH NOVEMBER 1931.

Recorded.

2. The number of ranges remained the same as in the previous year and orders regarding the abolition of the Tumkur Range were given effect to after the close of the official year. The amalgamation of the Amrit Mahal Department with the Live Stock Section which was under consideration during the year has since been ordered, and takes effect from 1st August 1931. Under this scheme, the future policy of the Amrit Mahal Department has been so shaped as to provide for the eventual transfer to private agencies of the actual breeding operations now undertaken by the Amrit Mahal Department, a gradual reduction of herds and a transfer of the Kaval lands to the Revenue Department for being given out for cultivation. With a view to provide for the supervision and control of breeding under the new conditions and to ensure that all operations in connection with the improvement of Live Stock are carried on satisfactorily, the two Departments have been constituted into one charge and placed under the Live Stock Expert, the appointment having been revived and that of the Amrit Mahal Superintendent being abolished.

3. The seasonal conditions were on the whole satisfactory except in the Kavals of Tumkur and Challakere, where due to late rains, some difficulty was felt for hot weather kavals. The condition of the cattle was good except for the rather widespread outbreak of foot and mouth disease in ten of the herds and Black-quarter which caused the death of tweleve animals. The timely action to adopt preventive measures is evidenced by the fall in the number of deaths and lower death-rate, and this is satisfactory.

4. The demand for the year under all sources of revenue was Rs. 42,980-6-7, against Rs. 75,540-7-4, in the previous year, the fall being due to the unfavourable economic conditions. There was a fall in the numher of cattle sold and also in the average price realised. There is a heavy balance of Rs. 29,986-6-4, to be collected, of which Rs. 19,107-14-0 is pending with the Revenue Department. This calls for prompt and energetic measures and the attention of the Revenue Department should be drawn to it.

5. During the year under report, an area of 325 acres and 22 guntas was actually surrendered to the Revenue Department. The Director's proposals for the relinquishment of an area of 17,812 acres of kaval lands from Amrit Mahal kavals with a view to meet the persistent demand for the surrender of land for cultivation have since been approved.

6. The Director's proposals for effecting a reduction in the number of herds of cattle with a view to have a really good stock by keeping only the best animals were sanctioned by Government. The Director's scheme for the disposal of the animals under which the animals are to be distributed among Servegars who have special knowledge and experience of cattle breeding, providing them with certain facilities, is under consideration.

7. The working of the Department was satisfactory.

Retrenchments in the allowances granted to the Non-Gazetted Staff of the Co-operative Department.

READ—

Government Order No. Fl. 3290-34—S. & A. 101-25-2, dated 27th October 1926, issuing rules for the grant of special localities allowances with effect from 1st July 1927.

2. Government Order No. 6515-6—C. S. 88-26-2, dated 12th February 1927, sanctioning a conveyance allowance of Rs. 20 per month to the Inspector of Co-operative Societies, Bangalore City Circle, with effect from 1st February 1927.

3. Government Order No. D. 8788-9—C. S. 47-27-4, dated 25th February 1928, sanctioning a conveyance allowance of Rs. 20 per month to the Inspector of Co-operative Societies, Mysore City Circle.

4. Government Order No. Fl. 2320-70—S. & A. 123-31-1, dated 2nd October 1931, stating that the question of abolishing or reducing the allowances given to Non-Gazetted Officers is reserved for separate consideration.

5. Letter No. 176, dated 13—14th October 1931, from the Registrar of Co-operative Societies, forwarding his views on the question of effecting retrenchments in the allowances granted to the Non-Gazetted Staff of his Department.

ORDER No. D. 2589-90—C. S. 47-31-2, DATED 27TH NOVEMBER 1931.

The Registrar reports that the conveyance allowance of Rs. 20 a month granted to each of the Inspectors of the two City Circles in the second and third of the Gorernment Orders read above, has been reduced to Rs. 16 per month in accordance with the instructions issued in Government Order No. Fl. 1795-1850—G. F. 54-31-1, dated the 14th September 1931, and requests that the reduced allowance may be continued. Government however, consider that a cycle allowance would meet the requirements of the case in view and direct that the allowance be limited to Rs. 5 a month in each case. The allowance of Rs. 2 a month hitherto given to the cycle orderly of the Registrar's Office shall be reduced to Re. 1 per month. The above reductions will take effect from 1st December 1931.

2. The Malnad allowances now being drawn at the rate of one anna per rupee by three Inspectors and three clerks of the Department under the rules for the grant of special locality allowance will be continued.

Working of the Stores Purchase Committee.

READ—

The Annual Administration Report on the working of the Stores Purchase Committee for the year 1930-31 received with letter No 5759, dated 1st October 1931, from the Secretary of the Committee.

ORDER NO. G. 4345-94—G. M. 52-31-5, DATED 27TH NOVEMBER 1931.

PART I.

Recorded.

2. Rajakaryaprasakta Diwan Bahadur M. N. Krishna Rao, B.A., First Member of Council, presided over the Committee during the year except the period from 1st of September 1930 till the 18th of February 1931 when Rajakaryapravina Mr. P. G. D'Souza, B.A., B.L., was President of the Committee. The term of Membership of Messrs. P. A. Barton and T. Nanjappa having expired, Messrs. B. K. Garudachar and D. A. Adinarayana were nominated as non-official members of the Committee to represent the Board of Industries and Commerce of the Economic Conference for a period of one year from 3rd October 1930.

The Committee met seven times during the year and discussed 50 subjects relating among others to the examination of tenders, passing of awards and considered the question of securing economies in the charges hitherto paid in the shape of shipping charges, harbour dues, etc., on imported stores. Government are glad that as a result of protracted negotiations with the Madras Port Trust, it has been practically decided to adopt a flat rate of harbour dues at Rs. 3 per ton, inclusive of quay dues and cranage charges in respect of stores other than railway materials imported through the Madras Port.

The period of the Agency of Messrs. Best & Co., as Clearing Agents, has been extended for a further period of three years from 1st January 1931.

On a detailed examination of the question of the desirability of adopting a system of obtaining quotations on the rupee basis for delivery of materials in India, the Committee have come to the conclusion that there is no specific advantage in following this system as a question of policy in all cases, but that wherever it is possible and advantageous to do so, it may be adopted.

The total value of stores purchased in India and abroad amounted to Rs. 44,14,520, the highest figure reached since the constitution of the Stores Purchase Committee as against Rs. 25,96,320 during the previous year. Of this, orders to the extent of Rs. 25,25,493 were for articles made in India. Orders of the value of £54,311 were placed direct by the Committee with firms in foreign countries while stores of the value of £87,366 were obtained through the Trade Commissioner for Mysore in London.

It is gratifying to note that the incidence of cost on the Stores Purchase Committee and allied organisations for the purchase of stores was reduced from 1·4 per cent to 0·3 per cent during the year under report.

The work of the Committee continued to be satisfactory.

Secretary to Government,

Economies in the Budget Grants of 1931-32.

READ—

G. O. No. Fl. 1795-1850—G. F. 54-31-1, dated 14th September 1931, issuing certain instructions for effecting economies in the grants of 1931-32.

2. Letter No. Es. 470, dated 29th September 1931, from the Comptroller suggesting modifications in certain clauses of the order in regard to their applicability to the Accounts Department.

3. U. O. Note No. D. 493, dated 15th October 1931, from the Public Works Secretary, requesting permission to the grant of increments to officers and staff of the Public Works Department, holding temporary appointments on progressive rates of pay.

ORDER NO. FL. 3742-91—G. F. 54-31-22, DATED 2ND DECEMBER 1931.

Government consider that some relaxation of the instructions conveyed in the Government Order of 14th September 1931 read above, regarding appointments, earning of increments and grant of leave is necessary and direct that Clauses (1) to (5) of the said order be modified as follows:—

(1) In the absence of general sanction accorded in favour of any particular department or in respect of any class of appointments, no vacancies (whether in superior or inferior service)—permanent or temporary—will, as a rule, be filled up during the present financial year and the work of vacant appointments will be entrusted to other officers with no additional emoluments.

(2) (*a*) In cases where vacancies have necessarily to be filled up, the sanction of Government should be applied for. The appointments, if sanctioned by Government, will be made in conformity with the rules of recruitment and be treated as *officiating*, unless permanent arrangements are considered necessary by Government.

(*b*) When vacancies are for short periods not exceeding two months, and when the sanction of Government cannot be applied for and obtained in time, Heads of Departments will have discretion to fill them up on a temporary basis and report the same to Government immediately. This discretion should be exercised in the case of non-gazetted ranks only and where any other action is likely to be prejudicial to public interests.

(*c*) In cases where vacancies are filled up by promotion, seriatim arrangements on an officiating basis will also be permitted.

(3) In the case of appointments on progressive rates of pay, the salary of the officiating officers—whether new entrants or officers promoted—will be limited to the minimum pay of such appointments and periodical increments will not be allowed until further orders.

(4) The restriction imposed by the Government Order dated 14th September 1931, in regard to the earning of increments is withdrawn in the case of officers holding temporary (*i.e.*, *quasi-permanent*), provisionally permanent or *sub pro tem* appointments. The temporary appointments referred to are those which are sanctioned or continued for not less than three years.

(5) No leave will be granted in excess of two months in the aggregate, if it involves extra cost, except on grounds of ill-health supported by medical certificate or for other urgent and unavoidable cause.

(6) These rules will have retrospective effect from 14th September 1931 and will be in force till the 30th June 1932.

G. MALLIKARJUNIAH,
Sub-Division Officer.

COMPTROLLER'S OFFICE, BANGALORE.

SUBJECT.—**Instructions regarding the manner in which the reductions due to cut in salaries should be shown in the Salary and Establishment Bills, etc.**

Circular No. 212—*TAD.Mis., dated* 13*th* **November** 1931.

To

(1) All Gazetted Officers
(2) All Treasury Officers.
(3) All Heads of Offices and Disbursing Officers.

Attention is invited to G. O. No. F1. 3081-140—G. F. 90-31-1, dated 2nd November 1931, published in the *Mysore Gazette*, dated 5th November 1931, directing a percentage reduction in salaries of Government Officers with effect from 1st November 1931 (*i.e.*, in respect of salaries and leave allowances accruing from and after that date). All Gazetted Officers will study this Government Order carefully and draw salary accordingly. The Treasury Officers also will study the rules and see if the amounts drawn by the Gazetted Officers are correct. No separate Pay Slip will be issued by the Audit Office in the present case as the alterations in salaries are in accordance with the General Order of Government quoted above. If any doubt is felt by the Gazetted or Treasury Officers in particular cases, they may refer the same to the Audit Office for opinion, the undisputed claim only being claimed or passed pending the receipt of instructions of the Audit Office. The salary cut will apply to acting, and charge allowances and *sub pro tem* pay, and all items included under the definition of pay excepting "Duty Allowance".

2. In the case of Non-Gazetted Officers, the drawing officers are responsible to see that correct amounts are drawn and they will also similarly get all doubts cleared by addressing the Audit Office. Pending instructions from the Audit Office, it would be safer to draw the lesser undisputed amount, the difference, if any, being left to be claimed later. The Treasury Officers should see that retrenchment orders issued by the Audit Office for excess payments, if any, noticed in audit are given effect to promptly.

3. The following instructions are issued regarding the manner in which the present sanctioned rates of salaries and the reduced rates should be shown in the salary and establishment bills and other documents.

(*a*) **Salary Bills of Gazetted Officers.**—

The column "Monthly Rate" will be split up into two, to show unreduced and reduced salary making them "U. R. S." and "R. S." respectively, a portion of the blank space in the Salary Bill Form to the left of the money column being utilised for opening the additional money column. These two columns will be separately totalled so that the total sanctioned amount as per scale before and after reduction may be readily known. In the last money column "Amount", the amount claimed as per reduced rates will be shown.

(*b*) **Establishment Bills.**—

In columns 4 to 7, the unreduced pay or salary will be shown as hitherto and the total of the reduced salary (including allowances) will be shown in column 8 (Now used for noting amounts held over for future payment), the heading being changed as "Reduced salary." Amounts withheld and Fines, will be noted in Column 9 (Fines) the heading being changed as "withheld amounts and fines", fines being entered in the respective places in red ink with a distinctive mark "F" the black ink entries representing withheld amounts. There should be separate totals for "withheld amounts" and fines.

(*c*) In all financial documents appended to Establishment Bills such as Statement of Substantive changes, Absentee Statement, Increment Certificate and Last Pay Certificate, both the original (unreduced) and reduced rates of pay or salary should be shown separately. Similarly, these will be noted in the Office Baraward (Acquittance Roll) and Service Books also for future reference.

4. In the case of advances for purchase of Motor Cars and for building and purchasing houses, an officer has the option of paying at present rates or to pay instalments of reduced amounts based on his reduced salary. In some cases it may so happen that the reduced salary may be more than the salary at the time the advance was drawn and on which the present instalment is based. In such cases, the present instalment will continue unchanged. In other cases, each officer will state in the remarks column of the deduction statement attached to the bill for November 1931, whether he will continue to pay according to his unreduced salary or elects to pay on the basis of the reduced salary, *i.e.*, 25 per cent thereof in the case of House Building Advances and 1/9 of the reduced salary in the case of Motor Vehicle Advances. The election made will have to be adhered to for the future. In all cases in which the amount of repayment towards the principal is reduced, the Audit Office will intimate in due course the amount to be deducted monthly towards interest. Pending receipt of such intimation and subsequent adjustment, the amount at present being deducted towards interest will continue to be deducted.

5. In cases in which house rent is recovered as a proportion of an officer's salary, it will be calculated on the reduced salary after cut.

Comptroller.

In the case of purchasers of timber in small quantities full value thereof will be accepted, if tendered on the spot, and the payment of deposit in such cases will not be insisted upon.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. ORDER NO. FL. 3800-860—G. F. 29-28, DATED 2ND—3RD DECEMBER 1931.

Under the Government Order of 10th July 1923 read above, an agreement was entered into between the Bank of Mysore and the Government defining the relations between the parties and the terms and conditions under which the Government business entrusted to the Bank should be performed by it. This agreement which was in force in the first instance for a period of five years from 1st October 1923, is being renewed from year to year pending consideration of the lines on which the future agreement between the Bank and the Government might be framed, with a view to the banking service in the State being improved and enlarged.

With the concurrence of the authorities of the Bank, the Government are pleased to appoint a Committee consisting of three representatives of the Bank and three Government Officers to study the material furnished in the Report and the recommendations made therein, to examine how far they are applicable to the conditions in Mysore and to formulate proposals for developing the organisation and expanding the operations of the Mysore Bank in close association with the Government for the general improvement of banking service in the State. The Committee will be constituted as follows:—

Report on the working of Government Savings Banks.

READ—

Letter No. 137—S. B., dated 17th October 1931, from the Comptroller submitting the report on the working of the Government Savings Banks, during the year 1930-31.

ORDER NO. FL. 4000-4009—G. F. 91-31-3, DATED 4TH DECEMBER 1931.

Recorded.

2. The total number of accounts (current and dead) at the close of the year under review was 60,699 as against 59,118 at the end of the year previous and the aggregate amount at credit on the 30th June 1931, was Rs. 1,70,03,981. The deposits during the year amounted to Rs. 59,79,893, while the amount withdrawn was Rs. 82,92,460. The excess of withdrawal over receipt was mainly due to the transfer of balances from the Savings Bank to the New 1930 Loans. The number of depositors having balances of not less than Rs. 5,000 on 30th June 1931 was 415 with an aggregate credit of Rs. 76,09,931, while the corresponding figures for the previous year were 489 and 97,70,529 respectively.

3. Under the scheme of Five per cent Five year Fixed Deposits, a sum of Rs. 12,48,512 was deposited during the year but withdrawals from these deposits to the aggregate extent of Rs. 33,97,540 were permitted for conversion to the Five per cent Loan of 1955. The closing balance under Fixed Deposits was Rs. 44,78,127.

4. Making allowance for the special withdrawals for subscribing to the State Loans, it is observed that business in the Savings Banks has been continuously on the increase. Government are glad to note that the working of these institutions during the year was satisfactory.

IMPORTANT GOVERNMENT ORDERS.

CHIEF SECRETARIAT.

Personal Assistant to the Deputy Commissioner, Mysore District.

READ—

Government Order No. P. W. 233-37—K. S. S., 1024-28, dated 10th September 1931, sanctioning the continuance of the term of the Land Acquisition Establishment connected with the Krishnarajasagara Works up to the end of December 1932.

2. Correspondence ending with letter No. 1430—31-32, dated 30th October 1931, from the Revenue Commissioner in the matter of entrusting the Special Land Acquisition Officer, Krishnarajasagara Works with additional work.

ORDER NO. 2588-92—C. B. 83-31-1, DATED 12TH DECEMBER 1931.

As the curtailment of the grants under Krishnarajasagara Works was expected to result in a substantial reduction in the work of the Special Land Acquisition Officer, the Deputy Commissioner, Mysore District and the Revenue Commissioner were consulted in regard to the question of giving some additional work to the Land Acquisition Officer. After personal inspection of the work of the Land Acquisition Office and in consultation with the Deputy Commissioner, Mysore District and the Chief Engineer, Krishnarajasagara Works, the Revenue Commissioner is of opinion that the Special Land Acquisition Officer may continue in sole charge of his present duties till the end of December 1931, by which time he should be able by intensive

application to settle all urgent and complicated cases requiring an inspection of the spot, etc., and that from 1st January 1932, the Land Acquisition Officer can attend to the work of Personal Assistant to the Deputy Commissioner, Mysore District, in addition to Land Acquisition Work.

Government agree with the above view and accordingly direct that the post of Personal Assistant be kept in suspense from 1st January 1932 until further orders and that the Special Land Acquisition Officer, Krishnarajasagara Works, be placed in additional charge of the duties of the Personal Assistant also.

The salary of the Officer will be debited to the Krishnarajasagara Works and Revenue Department in equal proportions.

The Office of the Special Land Acquisition Officer will, for the present, continue as a separate unit, but it will be transferred from the present rented building to the District Office Building.

1	Raiyats of Chikahullur.	11-5-1931	Survey No. 84 in the proposed State Forest may not be included.	Their cattle which go for grazing to Chokkanahalli gomal lands will not have enough of grazing ground.		This takrar is untenable for the reason that the village of Chikhullur itself has a gomal of nearly 100 acres over the extent required and the area of Gomal in Chokkanhalli is nearly ten times over that needed for the cattle of that village.	
2	Raiyats of Chokkanahalli	11-5-1931	(a) To leave the foot-path which runs from Chokkanahalli village to the Hosakote-Jangamakote Road which crosses Survey No. 84 at a distance of 10 chains from its S. W. Boundary and joins the road at a distance of another 10 chains by cutting the western boundary of Survey No. 84.		Forest Ranger who had been deputed says that he has no objection.	The existence of this foot-path is allowed at a uniform width of six feet.	
			(b) The pond situated at the north-western courner of Survey No. 84 should be reserved and a passage two chains in width from Hosakote-Jangamkote Road to the pond.	In the case of men and cattle. Reports of Medical Inspection of School Children.

ORDER NO. E. 2238—EDN. 426-30-4, DATED 11TH DECEMBER 1931.

At the Legislative Council Session of December 1928, in answer to an interpellation by Mr. D. H. Chandrasekharaiya, Government promised to consider the feasibility of publishing a synopsis of the reports of the Medical Inspectors of Schools in the cities of Bangalore and Mysore.

The appended statement is published for general information in accordance with this promise. It shows the nature and extent of the various defects and diseases occurring among the school children of the two Cities, as disclosed by the reports of the Medical Inspectors for the three years 1928-29 to 1930-31. It will be seen therefrom that a large number of children suffer from ailments, which if not attended to in time, will seriously impair their health and physique for the rest of their lives. The reports also show that parents, either through indifference, poverty, want of time or other cause, generally neglect to carry out the instructions of the Medical Inspectors. As mere inspection not followed up by remedial action would serve no useful purpose, Government have recently directed the linking up of such inspection with curative agencies in the following manner:—

In District and Taluk Headquarters, the Medical Inspector who is the local Medical Officer has himself to give the treatment necessary, and to maintain a special register, which will indicate the ailments of the pupils and their treatment. This register will be checked periodically and necessary instructions givento the Medical Officer by his superiors.

In the Bangalore and Mysore Cities, the Medical Inspectors are required, in the case of small ailments, to give prescriptions which will be attended to in any of the local Dispensaries.

As regards more serious ailments which may require treatment at the hands of specialists and possibly, even involve an operation, the patients are to be asked to meet the Medical Inspector at specified hours on a Sunday in the Victoria or the Minto Hospital, as the case may be, in Bangalore and the Sri Krishnarajendra Hospital at Mysore, where it will be his duty to direct them to the specialists concerned, make a note of the treatment suggested, and keep a proper record of the same. In the case of operations, however, the previous consent of the parents or guardians of the children will have to be obtained.

Besides the above, departmental action has also been taken to ensure vaccination of pupils, to provide suitable desks for them and to instil into them hygienic and sanitary habits.

R. RANGA RAO,
Chief Secretary to Government.

Statement of Cattle Mortality.

READ—

Letter No. Per. 63 of 31-32, dated 17/19th November 1931, from the *Director of Agriculture in Mysore, forwarding the Statement of Cattle Mortality in the State for the year ending 30th June 1931, with his review thereon.

(* Director's review and the Statement are printed as Annexures.)

ORDER NO. D. 2949-58—STCS. 19-31-2, DATED 10TH DECEMBER 1931.

Recorded.

The delay of over one and a half months in the submission of the report should have been avoided.

The total mortality of cattle in the State shows a decrease of 2·1 per cent as compared with that of the previous year, while mortality under contagious diseases showed a decrease of 9 per cent over that of the previous year. The decline in the mortality figure under Rinderpest is particularly noticeable, the figure, *viz.*, 4,239 being the lowest on record and indicating a decrease of 51 per cent. Government note that this result has been achieved by effective measures adopted by the Department to prevent the spread of cattle diseases. Mortality under Hæmorrhagic septicæmia also showed a considerable decline while there was a slight increase under Anthrax and Blackquarter. The increase in the case of the two last mentioned diseases is reported to be due to the want of timely supply of vaccine. This should have been prevented. Mortality due to wild animals continues to be on the increase.

Cattle Mortality Returns.—Government regret to observe that the collection of cattle mortality statistics still leaves much to be desired. The attention of the Deputy Commissioners is invited to the observations of the Director regarding the non-receipt of the returns and they are requested to see that necessary action is taken to ensure the collection and submission of statistics.

B. T. KESAVA IYENGAR,
Secretary to Government,
Development Department.

REVIEW ON THE CATTLE MORTALITY IN THE STATE FOR THE YEAR ENDING 30TH JUNE 1931.

The total mortality in the State during the year from all causes both contagious and non-contagious, shows a decrease of 1,665 or 2·1 per cent over that of the previous year.

The mortality under contagious diseases alone shows a decrease of 2,229 or 9 per cent over that of the previous year.

Mortality under Rinderpest shows a marked decrease during the year and is only 18 per cent of the total mortality under contagious diseases, and is 51 per cent of that of the previous year.

Compared with the heavy mortality experienced since the introduction of the S. S. method of inoculation for the last six years against Rinderpest, the reported mortality

during the year is the lowest ever recorded, and is only 15 per cent of the highest mortality during the severest wave that passed through the State during 1928-29 when the peak of the curve had been reached.

1926-27	.. 12,321	1929-30	.. 8,590
1927-28	.. 14,891	1930-31	.. 4,239
1928-29	.. 28,261		...

This is largely due to the ready and willing co-operation of the District Magistrates, who ordered the closure of most of the important Cattle Fairs and minimised the movement of cattle from infected villages and co-operated with the Department in the prompt and effective working of the Cattle Disease Regulation. This together with the large number of cattle, *viz.*, 6,29,336 protected by active immunisation during the previous years, minimised to a very great extent the spread of disease. It is also gratifying to note that the raiyats and cattle owners in the State have now fully realised the efficacy of the preventive measures adopted to stamp out the disease and by their co-operation have made it easier for the prompt adoption of preventive measures by the department. The disease was well under control in all the Districts during the year.

During the year under review, although in certain instances there was a delay in the disposal of cases under the Regulation, 261 persons in 49 villages were prosecuted under the Rules. Eighty-one were convicted and 108 were acquitted and at the close of the year 72 cases were still pending disposal before the Magistrates. This had a beneficial effect in furthering the work of the Department and made it possible in all cases to protect more than 90 per cent of the cattle of the villages against the disease.

One lakh thrity-two thousand seven hundred and seventy-seven S. S. Inoculations were performed during the year.

The mortality under Hæmorrhagic Septicæmia showed a decrease of 33 per cent to that of the previous year. But under Anthrax and Blackquarter there was an increase of 3 per cent and 13 per cent over that of the previous year. These diseases could not be attended to more fully during the year owing to paucity of supply of vaccines in time, although cattle owners were anxicus for inoculations. The three diseases alone have contributed more than 48 per cent of the mortality under contagious diseases.

Sixty-eight thousand four hundred and thrity-eight incoulations, against these diseases, were performed during the year.

During the year the mortality under Foot and Mouth showed an increase of 58 per cent over that of last year.

Mortality under non-contagious diseases shows a slight increase of 1·5 per cent over that of the previous year, the deaths due to natural decay and accidents and losses due to wild animals being specially noticeable.

Although the receipt of C. M. returns from Patels by the Taluk Offices has to a certain extent improved, in 40 per cent of the taluks it is still unsatisfactory and below the average. In spite of Government Orders, Revenue Commissioner's circulars and the periodical visits by local Veterinary Inspectors, to taluk offices, sufficient endeavour does not seem to have been made to improve the collection of this important return.

The number of C. M. Returns received from the Patels of Bangalore, Hoskote, Devanhalli, Mandya, Malvalli, Nanjangud, Periyapatna, Hassan, Arkalgud, Saklespur, Belur, Chennnarayapatna, Hole-Narasipur, Tumkur, Madhugiri, Hiriyur and Kadur Taluks still remains unsatisfactory.

In Bangalore, Belur and Nanjangud no endeavour seems to have been made to collect even 50 per cent of the returns.

The following table shows that there has been practically no improvement in the receipt of the returns for the past five years in a very large number of Taluks:—

* The average for the year was 72 per cent from the whole State.

In some Districts a very noticeable slackness has of late crept in. The following statement gives the percentages for the defferent districts.

From the average based on this year's percentage of receipts, it is observed that Hassan, which and been collecting more than 80 per cent of cattle mortality returns during the previous years, shows a fall of more than 20 per cent in the collection of the returns this year.

Administration of the Department of Geology for the year 1930-31.

READ—

Letter No. 6042-14, dated 18th September 1931, from the Officiating Director of Geology in Mysore, submitting the Administration Report of the Department of Geology for the year 1930-31.

ORDER No. D. 2917-22—GEOL. 24-31-5, DATED 7TH DECEMBER 1931.

Recorded.

I. ADMINISTRATION.

Mr. P. Sampat Iyengar, Director of Geology, was in charge of the Department during the year except for 15 days prior to Christmas and for one month in June 1931, when Mr. A. M. Sen officiated as Director. The services of Mr. B. Rama Rao, Assistant Geologist, were lent to the Baria State for a period of nine months from 1st October 1930. About the beginning of March 1931, the services of the two temporary Field Assistants were ordered to be terminated. The services of one of them were, however, retained in connection with the work of Soil Survey in the Irwin Canal Tract. The general depression in trade and commerce has affected the main administrative work of the Department, *viz.*, the grant of certificates of approval, of exploring and prospecting licenses and of mining leases for minerals. There were only 22 applications to be dealt with as against 34 in the previous year.

REVISION OF RULES.

The draft revised rules for prospecting licenses and mining leases for minerals other than gold as well as a set of new rules for the working of small mines framed by the Director of Geology, in consultation with the Chief Inspector of Mines, are under the consideration of Government.

The permission granted last year to the United Steel Companies Limited, Shimoga, to remove within two years from 20th August 1930, from their prospecting license and mining lease areas, a quantity of 75,000 tons of manganese ore of grade of 30 per cent and below paying a concession rate of six annas per ton of royalty against the ordinary uniform rate of ten annas per ton, was continued during the year. Owing to continued trade depression and consequent want of market for manganese ore, the United Steel Companies Limited, Messrs. Oakley, Duncan & Co., and Messrs. Manickavelu Mudiliar & Son, notified suspension of operations on their mining blocks and Government, after due consideration, were pleased to grant their requests and to order the waiving of penalties that were leviable on them under the lease terms and time was granted to them up to the end of the year under report to re-commence work on the blocks.

MINING REVENUE.

The demand for the year on account of mining revenue and geological receipts exclusive of the royalty on gold was Rs. 99,311-3-7 and it is noted with satisfaction that this amount together with the opening balance of Rs. 873-10-6 was fully collected.

II. INSPECTIONS.

The current prospecting and mining blocks were inspected by the Senior Officers of the Department as also the Chrome and Mining Operations at Byrapur and Talur and the Graphite workings at Ganacharpur.

III. MINING AND PROSPECTING.

There were 13 certificates of approval, 42 mining leases and 12 prospecting and collecting licenses current during the year as against 21, 43 and 18 respectively in the previous year. The total area under mining leases and prospecting licenses was 27,890 acres and the total rents and cesses recovered from the blocks amounted to Rs. 17,073. As in the previous year, there were 21 leases current for gold—all in the Bowringpet Taluk.

The results of the working of the five Gold Mining companies on the Kolar Gold Field during the year were as follows:—

	1929-30. (Actuals)	1930-31. (Approximate).
Total quantity of fine gold produced ...	327,000 Ozs.	349,018 Ozs.
Value ...	Rs. 1,86,21,485	Rs. 1,96,71,065.
Total quantity of fine silver returned by the mint.	16,681 Ozs.	17,644 Ozs.
	Rs.	Rs.
Value.... ..	21,813	20,566
Total Royalty ..	10,05,661	10,35,625

As regards manganese, there were nine mining leases and five prospecting licenses current during the year. Throughout the year, the markets for manganese ore remained lifeless and in the absence of business or enquiry, even the little work that was being carried on on the blocks had to be stopped. The United Steel Companies Limited, Shimoga, also suspended all operations. The total output was 169 tons and the royalty recovered was only Rs. 150-12-0. The market for Chromite continued to be dull and consequently the output has been considerably restricted. The output was 10,986 tons and the royalty recovered amounted to Rs. 8,298-11-7. The output of magnesite on the only block on which work was carried on (Dodkanya) was 640 tons and the lessees paid a dead rent of Rs. 1,760 and no royalty was levied. The output of Kaolin was 2,794 tons and the royalty payable was Rs. 2,247. Eighty-six tons of soapstone were removed for the manufacture of slate pencils in the factories in Tumkur Town and a minimum royalty of Rs. 150 was recovered from the licensees.

IV. DEPARTMENTAL MINING AND PROSPECTING.

Owing to the continued dulness in the market for the ore and the large accumulated stock of Chromite on the mines, further mining of this ore at Byrapur was stopped in accordance with the resolution of the Chrome Committee and work on the mine was confined mostly to the carrying on of dead work. Owing to slackness of work, the establishment on the mine was considerably reduced. During the year, the total output of Chrome ore from the Byrapur Mine was only 180 tons. A quantity of 2,300 tons out of ore held in stock was however sold and a sum of Rs. 45,000 realised. The total expenditure incurred on this mine during the year was Rs. 7,790. The total output of ore at the Talur Mine was 1,148 tons. Eight hundred tons of ore were sold during the year at Rs. 19 per ton and Rs. 15,200 realised. The total amount spent on this mine was Rs. 14,143. The most important work carried out in this mine during the year was the electrification of the mine and the erection of a pump and motor for the continuance of deep mining. The Director states that the Government Chromite ore mined at Byrapur and Talur is of late building up a reputation in foreign markets on account of its quality, but owing to the long lead to the railway line and the heavy railway freights it is found difficult to compete with ores which are more favourably situated and that therefore a reasonable reduction in railway freight rates is very essential. This question requires careful examination and the Director is requested to submit a separate report to Government explaining fully the advantages or disadvantages of marketing the ore abroad under Government control and the facilities required for transport of ore to rail head and thence to the port of embarkation. The quantity of graphite mined from the deposit at Ganacharpur and supplied to the Mysore Iron Works at Bhadravati for foundry purposes was about 95 tons. The authorities of the Mysore Iron Works raised 28,014 tons of iron ore from the Kemmangundi Hills and 3,487 tons of silicious iron ore from the deposits near Tanigebyle for the Iron Works at Bhadravati during the calendar year 1930.

PRACTICAL TRAINING.

The students of the B.Sc. Honours Class of the Central College received practical instruction in Geological Survey, Prospecting and Mining Methods at the Talur Chrome Mine and also at the Oorgaum Mine, Kolar Gold Field.

LECTURES TO STUDENTS.

Mr. Sen, Deputy Director, delivered a series of lectures on "Engineering Geology" to the final year students of the Government Engineering College at Bangalore. Two series of lectures on (1) Economic Importance of the Archaean Formations in India (2) Geological and Economic Aspects of Rare Earths were delivered to the B.Sc. (Geology Honours) students of the Central College by Mr. M. B. Ramachandra Rao, Officiating Sub-Assistant Geologist. The latter also delivered a lecture on "Mica with special reference to the Electrical Industry" under the auspices of the Electrical Engineering Society of the Indian Institute of Science at Bangalore.

V. ENGINEERING AND ALLIED ACTIVITIES.

Technical advice was furnished by the Department after personal inspection in connection with the Thippagondanahalli Reservoir Project of the New Bangalore Water Works, the dam across the Kabani river at Kalsargur in the Heggaddevankote Taluk, the feeder channel of the Thimmannanaikankere in Chitaldrug Town and the sinking of a bore hole by the Industries and Commerce Department for water supply near Agara in the Bangalore Taluk. As regards the necessity for the maintenance of a systematic record of Geological and economic information obtained during well-boring operations which was pointed out in previous reports, the Director of Geology reports that the co-operation of the officers of the Geological Department is not sought for more frequently by the Industries and Commerce Department in the Well-Boring Operations undertaken by them. The attention of the Director of Industries and Commerce is invited to this matter and he is requested to co-operate with the Geological Department in this direction as far as possible.

VI. ECONOMIC INVESTIGATIONS.

Ferro-Chrome Experiment.—In continuation of the preliminary experiments carried on in 1929-30 in the manufacture of ferro-chrome, further experiments were conducted at Bangalore first with a single-phase arc furnace and subsequently with a three-phase arc furnace on receipt of two new electrical transformers and the results were encouraging.

(2) *Potash Felspar.*—Ten tons of potash felspar and 10 tons of white quartz were supplied to the Government Porcelain Factory at Bangalore. In connection with the supply of potash felspar for the above Factory, the country round about Bangalore was surveyed within a radius of six miles. As regards white quartz, about three square miles of country to the south of Pinya on the Bangalore-Nelamangala road were examined in detail and all the white quartz reefs in the area were mapped and measured. About 2,000 tons of good white quartz were estimated to be available in this area.

(3) *Reservation of Limestone and Kankary Limestone.*—In August 1930, Government passed orders directing the reservation to Government of all limestone and kankary limestone throughout the State including forest areas.

(4) *Collection of Statistics re Lesser Minerals.*—With a view to get timely and accurate information of regular statistics of the lesser economic minerals of the State, Government issued a circular in September 1930, laying down clear and definite instructions to village and taluk officers to maintain proper registers and submit statements on specified dates.

Necessary forms for the registers were prescribed in consultation with the Revenue Commissioner and forwarded for being printed.

VII. CHEMICAL LABORATORY.

The Chemical Laboratory attached to the Department worked satisfactorily during the year. The total number of samples analysed for the Department was 77 while that for the public and other Departments was only 15 as against 58 in the previous year. Consequently a sum of Rs. 92 only was realised in the shape of fees for analyses for the public as against Rs. 654 in the previous year. The fall is attributable to trade depression on account of which many samples were not received for analyses from the public.

VIII. PUBLICATIONS.

Two Records Volumes XXVII and XXVIII and Bulletin (No. 11) on the Mineral Production of Mysore were issued during the year and Vol. XXIX was prepared and sent to Press.

IX. MISCELLANEOUS.

As in previous years, the Department participated in the Mysore Dasara Exhibition of 1930. The various exhibits not only proved attractive to the general public but were also highly instructive to students. A typical collection of 36 specimens of minerals, rocks and ornamental stones of this State, together with maps was sent to the Empire Mineral Resources Exhibition held in London in February, March and April 1931. It is reported that the collection was highly appreciated. On a reference made by the Director, Government passed orders in May 1931, laying down the procedure to be adopted in regard to the grant of permission to lessees to cultivate lands included in mining leases within the State. On 17th December 1930, His Highness the Maharaja of Travancore paid a visit to the Museum and Laboratories attached to the Department and was very much interested in the exhibits of minerals and allied products of the Mysore State.

X. CONCLUSION.

Government are glad to note that the work of the Department during the year under report was satisfactory.

Secretary to Government,

Revised forms of Mutchalikas for irrigation under the Irwin Canal.

READ—

1. Government Order No. C. 93-120—K. S. S. 570-597, dated 8th June 1931, laying down the policy of Irrigation to be adopted and other matters connected with the Development of Irrigation under the Irwin Canal.

2. Note No. D. 113—K. S. S., dated 29th September 1931, from the Secretary to Government, Krishnarajasagara Works, on the resolution of the Krishnarajasagara Working Committee, dated 8th September 1931, in regard to revision in the forms of mutchalikas to be executed by raiyats in connection with the Irrigation under the Irwin Canal.

ORDER No. 786-810—K. S. S. 2611-2635, DATED 26TH NOVEMBER 1931.

In Government Order No. C. 93-120—K. S. S. 570-597, dated 8th June 1931, read above, Government fixed the water rates for the first six years for the lands under the Irwin Canal and directed that the rates be revised after six years as recommended by the Krishnarajasagara Committee. The Krishnarajasagara Working Committee constituted in Government Order No. P. W. 169-96—K. S. S. 533-60, dated 4th August 1931, in their resolution No. 4 of the first meeting held on 8th September 1931, have brought to notice that the condition laid down in the Government Order read above that the water rate is liable to revision after six years is indefinite and has caused misapprehension in the minds of the raiyats regarding the effects of such a revision, and that it is therefore desirable to fix a limit to such revision of rates. They recommend that the first revision may be made after six years and thereafter at intervals of 10 years and that no revision should exceed a maximum limit of 25 per cent.

2. Government have carefully considered the recommendation of the Krishnarajasagara Working Committee and do not think that there is any reason to apprehend that the rates would be enhanced indefinitely to any extent during revision. Although at present the law does not recognise a maximum limit regarding resettlement rates of wet lands, the rate of increase in practice is in the neighbourhood of 33 per cent. However, when such periodical revisions of rates are to be made, the raiyats seem to be naturally anxious to have a maximum limit to the revision so that such limit may give them the required security of tenure and serve as an incentive to improve their land. On the other hand, the conditions in this new area after 10 or 15 years are so uncertain that modifications may be necessary in the light of experience as it accumulates.

3. Government therefore direct that the water rates be revised after the first six years, and thereafter at intervals of not less than 10 years, the first revision after the six years not exceeding a maximum limit of 25 per cent. The mutchalika forms should be revised accordingly.

S. SRINIVASA AIYAR,
Offg. *Secretary to Government,*
Krishnarajasagara Works.

1. Any person claiming a right to collect and remove myrabolam from Inam lands or private holdings shall apply in writing to the Amildar of the Taluk in which such lands are situate, who will thereupon refer it to the Revenue Inspector of the Hobli concerned for local inspection and submission of a report. On receipt of the application from the Amildar, the Revenue Inspector will issue notices to the applicant, the Inamdar or occupant of the holding concerned as also to the lessee, who has purchased the right to collect and remove myrabolams from the adjoining Government lands or his accredited agent should there be any in the locality or thereabouts, specifying therein the date and hour of his local inspection of the locality in question. After due service of the notices on the aforesaid parties, the Revenue Inspector shall convene on the said day at the appointed time a "Panchayet" consisting of the village officials, two or more respectable inhabitants of the locality, the Inamdar concerned or the occupant of the holding, the applicant and the Government lessee (or his accredited agent) should the latter two care to be present and inspect all the lands setforth in the application and ascertain as accurately as possible the probable quantity of the produce to be derived from the said lands. Complaints, if any, of the Gevernment lessee or his agent shall then be heard by the Amildar, who shall after satisfying himself that no fraud has been committed, issue a free permit for transport of the produce collected by the applicant.

3. Every such applicant shall be bound to take out permits from the Taluk Amildar concerned in the manner indicated above both for collecting as well as for transporting the produce from the Inam lands or private holdings, and failure to do so will amount to an infringement of these rules and the person so infringing the rules shall be liable to be punished with imprisonment for a term which may extend to one month or fine which may extend to two hundred rupees or both under section 78 of the Regulation.

4. Should there be any collusion on the part of the village Patel, the Government lessee or his agent is at liberty to bring the matter to the notice of the Amildar, who if satisfied that the allegation is well founded, take immediate notice of the conduct of such Patel.

APPENDIX A.

Report of the Committee appointed to consider the question of standard with reference to qualification for admission of S. S. L. C. students to the University and to inquire into the causes of the large number of failures in the Intermediate Examinations held in March 1930, and to suggest remedial measures.

First meeting

At a meeting held on 18th August 1930, the Committee discussed in a general way the subjects of the terms of reference from the Senate.

As a first step, the percentage of failures in each of the several subjects of the Intermediate Examination of 1930 was scrutinised. Judged by this, the most marked deficiency was found to be in English.

A letter from Principal Rollo, dated the 7th March 1930, was read, in which he pointed out a serious decline in the standard of English in the University in recent years. Members of the Committee corroborated this opinion from their own experience.

It was suggested that a short *questionnaire* should be addressed to the Chairmen of Boards of Examiners to elicit their impressions of the maintenance of the standard in their particular subjects at the Intermediate Examination.

It was suggested also that information should be obtained regarding the amount of exercise work required of students and duly corrected in the several Intermediate colleges.

Second meeting.

Information on these points having been obtained, the questions were again considered at a meeting held on the 6th March 1931.

At this meeting it was suggested that a comparative statement of failures—particularly in English—in the Intermediate Examination of the South Indian Universities might be obtained so as to enable the Committee to find out whether the weakness in English was confined to Mysore only or was more general. It was desired further that information might be furnished regarding the number of students and of teachers in the Intermediate classes particularly in respect of English.

Conference of English Teachers

These details having been prepared, the Vice-Chancellor felt that a Conference of Teachers of English might with advantage be convened before the Committee met again. A conference was convened in Mysore on the 18th September 1931. A report of the proceedings of the Conference of Teachers of English is enclosed.

Third meeting.

This report and the statistics called for were considered at a meeting of the committee held on the 2nd November 1931, and the committee resolved to report to the Senate as follows :—

Present defects.

The Committee are agreed that the low percentage of passes at the Intermediate Examination is an indication of an unsatisfactory state of affairs. This appears to be due to the following causes :—

(*a*) The admission to the Intermediate classes of very a large proportion of students insufficiently prepared for a University course;

(*b*) The low standard of attainment, especially in English, accepted for admission to the University;

(*c*) The overcrowding of the Intermediate classes, rendering impossible the individual attention on the part of the teacher to each student which is so specially necessary in a preliminary course like the Intermediate.

(*d*) The unfortunate necessity forced on the University by reason of the large number of students admitted to the Intermediate Colleges and the proportionately small funds available for working those colleges, and of staffing the Colleges largely with low paid teachers, too many of whom are young and without sufficient teaching experience;

(*e*) A possible overloading of the syllabus in certain subjects of the Intermediate course of studies which has been brought to notice by the Chairmen of the Boards of studies concerned.

Suggestions for improvements

The Committee are of opinion that a very considerable raising of the standard of admission to the University is urgently called for, and that a consequence of such raising of standard would almost certainly be, not merely a raising of the percentage of passes at the Intermediate Examination but an increase in the actual number of students passing, since under present conditions, even the better sort of Intermediate students are at a serious disadvantage through lack of sufficient personal attention from their teachers. By the present system, the colleges while endeavouring to cope with the large number of unsuitable students, fail adequately to benefit even those properly qualified. This represents a waste of effort and resources which should be put a stop to.

The Committee consider that the present system of delegating to an extra-university body the examination of candidates for admission to the University requires modification and are of opinion that the University should have fuller control of the testing of candidates for admission. They recommend as the proper method to secure this end the addition to the present S. S. L. C. Examination of supplementary papers to be set and valued by the University.

The Committee agree with the Conference of Teachers of English that the test should include a paper on General English (including English Grammar and Composition) and they would add another paper on General Knowledge. These two papers should be of three hours' duration each. Only those who satisfy the examiners in the test and in addition obtain the prescribed differential minima at the S. S. L. C. Examination will be eligible for admission to the University.

The Committee further agree that the Intermediate English course may be revised so as to include three papers in English namely, (i) Poetry and Drama; (ii) Prose (iii) General English. It is not intended that this should add materially to the class work of the students.

Conclusion

The fact that at present a 40 per cent pass at each stage of the complete University course (representing a 16 per cent chance of graduating without any failure, which faces the student entering the University), added to the further fact that nearly the whole of the graduating candidates pass in the third class, appears to call for large reforms in the working of the University particularly in the selection and the teaching of students.

The Committee are satisfied that the high failure rate is not to be attributed to an unduly high standard of examination or to unnecessarily severe valuing of answer papers or to deficiency of effort of teachers or to any serious inadequacy in material equipment for teaching the various subjects.

The Committee are strongly of opinion that the present minima should not be reduced in any subject.

The Committee have no doubt at all that the conditions which they have been appointed to investigate are ultimately rooted almost entirely in the following causes;

(a) Overcrowding of classes;
(b) Admission of insufficiently prepared students to the Junior Intermediate classes;
(c) Some overloading of the curricula in certain subjects.

The remedies suggested are as follows :—

(i) The institution of a further test of suitability for admission to the University Courses (conducted by the University) for admission to the University courses; this test to consist of two papers of three hours each on—

(1) English Grammar and Composition
(2) General Knowledge

and to be taken by candidates for the S. S. L. C. Examination desirous of seeking admission to the University.

(ii) A revision of the Intermediate course of studies and scheme of examination so as to lighten the course in subjects in which it is felt to bear heavily and to make the examination in English a more satisfactory tests as suggested in the preceding section.

The Committee further consider it desirable that the University should have its own Matriculation Examination in place of the S. S. L. C. Examination even with the latter supplemented as proposed above.

Mr. V. Gopalaswami Aiengar, M.A., *Registrar and Secretary.*

The Vice-Chancellor explained that the object of the Conference was to enquire into the standard of English attained by the average student who enters the Junior Intermediate class and the competence of such student to follow the course of instruction in the Intermediate classes and to discuss the improvements, if any, needed in the standard of admission to the Intermediate class and in the methods of teaching to be adopted in the Intermediate class.

A letter from Professor Rollo, Chairman of the Board of Examiners in English, was read. The members were also given copies of the Report of the Special Committee appointed by the S. S. L. C. Board to investigate the causes of heavy failures at the S. S. L. C. Public Examination.

The first step in the discussion was to ascertain the personal experiences and views of the members who were actually in touch with the teaching of English in the Intermediate classes. In the general opinion of the members the average student who comes to the Intermediate class is weak in English Grammar and in writing composition It was generally thought also that the Intermediate course as a whole bears somewhat too heavily on the average student and that students find a certain amount of difficulty in following the instruction given.

Among the improvements suggested, opinion was unanimous that the University should have fuller control over admission to the Intermediate classes from the schools, and particularly that part at least of the examination in English should be in the hands of the University. This would appropriately take the shape of a special paper in General English, comprising Grammar and Composition, this paper to be taken by candidates for admission to the University who had previously satisfied the present requirements in respect of differential minima, etc.

It was agreed that the chief aim of the Intermediate Course in English should be to give the student a command of simple idiomatic English: and that this aim would be attained by frequent exercises in Composition followed by a careful analysis of typical mistakes by the teacher in the class. At the same time students should be encouraged to appreciate the beauties of style and expression of standard writers of works prescribed as texts for study.

The question of reduction of the number of text-books was raised and it was pointed out that according to the reorganised course of studies the number has already been considerably reduced and does not admit of any further reduction. A proposal to give up prescribing non-detailed text-books was not approved. It was pointed out that the time allotted for the teaching of English is insufficient. After some discussion, it was agreed finally that an increase of one hour per week be recommended; that the Composition hour in the Junior class should be devoted to exercises in Grammar and General English, and that in the Senior class to Composition exercises for non-detailed text-books.

It was the definite opinion of the Conference that at the Intermediate Examination there should be three papers in English of three hours each, *viz.*,

(i) Drama and Poetry,
(ii) Prose: Detailed and non-detailed.
(iii) Grammar and General English including paraphrase and epitomisation.

Certain proposals were made regarding the supervision of the teaching of the Junior members of the English staff. No definite decision was arrived at since it was pointed out that the junior members generally drew up the programme of their work in consultation with the senior professors. It was, however, felt that as a rule the senior professor should hold frequent consultations with the other members of the staff so as to co-ordinate their work and to keep in touch with the arrangements for the correction of exercises. Particular attention was drawn by a member to the fact that the scope of teaching in Drama at the Intermediate stage is not defined. It was understood that the suggested consultation between the senior professor and other members of the staff would ensure uniformity of teaching in such matters and that where more institutions than one were concerned a Conference like the present one could, with advantage, be held once each year, with the object among others, of securing the necessary co-ordination.

A proposal to prepare and print a number of composition exercises so as to save the time spent in dictation was also agreed to.

If the fine be not paid or in the event of instalments or other sums due not being paid within the prescribed date, it shall be competent to the Deputy Commissioner to suspend further collection of toll by the contractor and dispose of the right to collect the toll during the remaining period by a re-sale or otherwise. Course in Banking.

READ—

Letter No. A. 3. 31 of 31-32, dated the 21st September 1931, from the Director of Public Instruction in Mysore, recommending sanction for introducing with effect from June 1932 in the Government Institute of Commerce and Accountancy, Bangalore, a course in Banking for training Bank Clerks for the Associates' Examination held by the Indian Institute of Bankers.

ORDER No. E. 2251-52—EDN. 149-31-2, DATED 12TH DECEMBER 1931.

The Director of Public Instruction reports that the Board for Commercial Education resolved at its meeting held in May 1931, that the Government Institute of Commerce and Accountancy, Bangalore, be permitted to introduce a course in Banking for training Bank Clerks for the Associates' Examination held by the Indian Institute of Bankers and teach only two subjects of this course each year, provided not less than six students take up the course. The Director states that if the suggestion of the Board to teach only two subjects a year be adopted, the whole course would be spread over six years as the examination is held in two parts, the first part consisting of five subjects, and the second of six subjects, which means that the course would become not only unnecessarily long and expensive but also deter candidates from taking it up. He therefore proposes to start the classes from June 1932 and to teach during the first year all the subjects of the Junior grade (First Part) namely:—

1. Elementary Practice and Law of Banking.
2. Elementary Economics.
3. English Composition.
4. Elementary Accounts and Commercial Arithmetic.
5. Commercial Geography.

The classes are proposed to be held in the evening between 6 and 7-30 in two periods of 45 minutes each to enable the employees of Banks to attend them, there being two classes a week in each subject. Two members from among the existing staff of the Institute who handle these classes are recommended to be given a monthly allowance of Rs. 20 each for the first year and Rs. 30 each for the second and subsequent years, the fees being levied in eight instalments of Rs. 4 each for Part I and Rs. 6 each for Part II. The extra cost involved is estimated at only Rs. 80 for the first year and the expenditure is expected to be more than offset by the fee income during the second and subsequent years.

Government are pleased to sanction the proposals of the Director of Public Instruction. The necessary provision for the payment of allowances to the two teachers will be made in the Education Budget for 1932-33.

Chief Secretary to Government.

Freeships in the College and High School Classes.

READ—

Government Order No. E. 1720-4—Edn. 354-21-10, dated 6th September 1922, passing orders in regard to the grant of free studentships in Schools and Colleges and fixing the percentage of freeships to be granted in the University Entrance and High School Classes at 25 and 20 respectively of the total strength, exclusive of scholarship-holders.

2. Para 2 of G. O. No. E. 5606-7—Edn. 149-24-9, dated 6th April 1926, reserving for separate orders the question whether fee concessions granted to the pupils of the Mahomedan and Hindustani Rajaput communities should or should not be taken into account in calculating the percentages prescribed in the Government Order of 6th September 1922, read above.

3. Letter No. 994, dated 14th May 1927, from the Secretary, Board of Education, Mysore, forwarding the opinion of the Board in the matter.

4. Letter No. 1255, dated 10th July 1931, from the Registrar, Mysore University, on the subject.

5. Correspondence ending with letter No. D. 3-762—27-28, dated 7th September 1931, from the Director of Public Instruction in Mysore, furnishing his views in the matter.

ORDER NO. E. 2290-93—EDN. 149-24-20, DATED 15TH DECEMBER 1931.

In the Government Order of 6th September 1922 read above, it has been laid down that after deducting the number of scholarship-holders from the total strength of a class, the number of freeships to be awarded will be as noted below:—

1. University Class (including the Engineering College)	.. 30%	of the remaining number
2. Intermediate Class (old University Entrance)	.. 25	,,
3. High School Classes ..	.. 20	,,

At present, the freeships and half-freeships granted under various Government Orders to the students of the Komar, Ursu, Muslim and Rajput communities and to girls, are also included in calculating the above percentage. The Board of Education is of opinion that all freeships and half-freeships should be excluded from the calculation of the percentage of freeships allowable in any class. The Director of Public Instruction is of opinion that the number of full-freeships awarded to the Depressed Classes, the Ursu and Komar pupils, the children and dependents of military men and to girls studying in boys' schools should be excluded, but not the half-freeships granted to Muslims, Hindustani Rajputs and the children of Mahrattas in military service. The University is also of the same opinion. Government are pleased to approve the proposal of the Director of Public Instruction concurred in by the University.

2. The Board was also consulted on a scheme for the regulation of the award of freeships and scholarships, on a uniform basis of poverty. They recommend the continuance of the existing system with certain modifications. The Director of Public Instruction, however, states that the recommendations of the Board are practically in operation at present and that no change is necessary. As regards the publication every year of a statistical statement of the award of freeships to different communities in each school suggested by the Board, the Director states that such a statement is being prepared every year and will be published if so ordered.

Government are pleased to direct accordingly.

Chief Secretary to Government.

DEVELOPMENT SECRETARIAT.

Administration of the Civil Veterinary Department for 1930-31.

etter No. Per. 45—C. V. 31-32, dated the 29th September 1931, from the Director of Agriculture ore submitting the Annual Report of the Civil Veterinary Department for the year 1930-31.

ORDER NO. D. 3073-3134—C. V. 22-31-2, DATED 17TH DECEMBER 1931.

Recorded.

. *Administration.*—Major R. W. Simpson continued to be Superintendent g the year.

. *Veterinary Dispensaries.*—The number of Veterinary Dispensaries which stood in the previous year increased by three. These consist of three City Hospitals, ural Dispensaries and 55 Taluk Dispensaries. There is an increasing demand the Taluks for the opening of new Dispensaries but owing to financial stringency, not been possible to meet this demand. Government are glad to note that institutions are growing in popularity and they recognise the need for more nsaries which will have to be provided as funds become available. It is gratifying e that buildings in a few cases for these institutions are being constructed ilanthropic gentlemen and Government hope that financial aid in this manner e available in a larger measure.

. *Contagious Diseases.*—It is satisfactory to note that outbreaks of Rinderpest ued to be on the decline during 1930-31, the number of outbreaks being 536 as t 995 in the last year. Serum simultaneous method of inoculation is reported e proved very effective, not a single animal which had been inoculated in this having had an outbreak of the disease. It is noted that mortality due to rpest in the State in 1930-31 was 4,239 as against 8,590 in 1929-30, almost 50

per cent less than in the previous year. This mortality figure is said to be the lowest registered for many years. Though the co-operation of District Magistrates in stopping a number of cattle fairs in places where Rinderpest among cattle was prevailing, contributed to an appreciable extent to bring about this result, it is reported that the inoculation campaign vigorously carried out is also greatly responsible for it. It is urged in this connection that movement of cattle from and through infected areas largely accounts for a large number of outbreaks and that if the proposed rules for the control of cattle fairs be brought into force soon, such outbreaks can be reduced still further. Government have these rules under their consideration and hope to issue early orders in the matter.

The total number of outbreaks of other less important contagious diseases registered at the commencement of the year amounted to 7,610 as compared with 6,703 in the year previous. The number of outbreaks attended to personally by the Departmental staff was more than in last year, being 3,650 as against 3,311 last year, but the number of inoculations against Black Quarter, Haemorrhagic Septicaemia and Anthrax was slightly less being 68,438 as against 71,000 last year. Government hope that the Departmental Staff will be able to pay personal attention in a larger number of outbreaks so that the deaths from these diseases may be reduced to a minimum. Inoculation campaigns also should be undertaken more vigorously.

5. *Tours.*—Though the touring of the Departmental staff was very much restricted in the latter part of the year on account of financial considerations, 43,504 scrub bulls were castrated, 39,903 cases were treated and 1,018 surgical operations were performed as against 29,649 castrations, treatment of 29,313 cases and 892 surgical operations during the year previous. The increase in the number of Hospitals has to some extent contributed towards this result.

6. *Scientific Section.*—The officers of this Section were able to diagnose a case of Bovine Lympangitis in a village in the area under the charge of the Veterinary Inspector, Hunsur, the first of its kind detected in the State. The work on Johnes Disease, Yedairoga, Anthrax, Sheep-pox and Parasitic Diarrhoea was continued during the year and it is hoped that it will be possible to make further investigation of live stock diseases after the Institute is located in the new buildings.

7. *Cattle Fairs.*—Only 53 cattle fairs were held during the year and the Departmental staff attended to as many as 51 fairs. Temporary Dispensaries were opened and castration demonstrations were also held as far as possible.

8. *Conferences and Meetings.*—The Seventh Session of the Conference of the All India Veterinary Association was held at Bangalore, in December 1930 in the Daly Memorial Hall for three days. *Rajakaryaprasakta Diwan Bahadur* M. N. Krishna Rao, Officiating Dewan of Mysore, opened the Session and Col. A. Olver, C.B., C.M.G., Expert Adviser in Animal Husbandry to the Government of India, presided. Various problems concerning animal diseases were discussed and it is noted that the Department benefited by the deliberations of the Conference.

The Annual Departmental Conference was held last May and the third meeting of the Mysore Veterinary Medical Association was held soon after.

Government are pleased to record their appreciation of the services of Major Simpson under whom the Department made considerable progress and attained the present standard of efficiency.

Conveyance Allowances.

READ—

Government Order No. 6844-5—G. G. 45-26-5, dated the 18th February 1927, sanctioning the grant of a conveyance allowance of Rs. 20 per mensem with effect from 1st August 1926 to Mr. A. Rama Rao, Assistant in the Gardens Department.

2. Government Order No. I. C. 4649-50—G. M. 129-23-2, dated the 14th January 1925, revising the establishment of the Gardens Department and among other things, sanctioning the grant of a conveyance allowance of Rs. 7-8-0 per mensem to the Supervisor under the "Technical Establishment" in the Department.

3. Government Order No. I. C. 5040-1—A. & E. 153-25-4, dated the 25th January 1926, sanctioning the grant of a conveyance allowance of Rs. 25 per mensem to the Curator, Mysore Gardens.

4. Government Order No. Fl. 466-540—S. & A. 22-31-2, dated the 16th July 1931, revising the rates and rules of Travelling Allowance and directing among other things that the maximum rate of a bicycle allowance of Rs. 7-8-0 be reduced to Rs. 5 per mensem.

5. Correspondence ending with letter No. 880, dated the 14th October 1931, from the Director of Horticulture, furnishing his opinion on the scope for the revision of the allowances drawn by the officers of the Department.

ORDER NO. E. 2126-7—G. G. 71-30-19, DATED 2ND DECEMBER 1931.

Regarding the conveyance allowance granted to the Assistant in the Gardens Department in the first of the Government Orders read above, the Director states that, as the services of the incumbent have been lent to the Palace Department and his post kept vacant, the conveyance allowance of Rs. 20 per mensem is saved. He, however, requests that the allowance may not be permanently retrenched so long as the post is of an executive nature, and that when there is no more need for it, he himself will recommend its abolition.

As regards the conveyance allowance granted to the Supervisor in the second of the Government Orders read above, the Director thinks that, as it has already been automatically reduced from Rs. 7-8-0 to Rs. 5 per mensem by the fourth of the Government Orders read above, there is no scope for further retrenchment.

The Director is also of opinion that there is no room for retrenchment in the conveyance allowance of Rs. 25 per mensem granted to the Curator, Mysore Gardens, in the third of the orders read above, as the post involves constant inspection of a large area.

Government agree with the Director as regards the allowances of the Assistant in the Gardens Department and the Supervisor, but they consider that the conveyance allowance granted to the Curator, Mysore Gardens, may be reduced from Rs. 25 to Rs. 20 per mensem and order accordingly.

Backward Class Scholarships for a group of Minor Communities.

READ—

Government Order No. D. 7135-36—Edn. 466-28-4, dated 11th January 1929, directing that the distribution of Backward Class Scholarships allotted to a group of communities be in the proportion of the population of the constituent communities.

2. Letter No. 29906, dated 26th June 1931, from the Registrar, Mysore University, requesting sanction for the resolution of the University Council that within a group of minor communities, the award of Backward Class Scholarships may be made on the relative qualifications of applicants instead of on a population basis, care being taken to see that no community is omitted if deserving candidates are available.

3. Letter No. D.3. 341-23 of 31-32, dated 2nd September 1931, from the Director of Public Instruction in Mysore, in the matter.

4. Further correspondence ending with letter No. 10820, dated 31st October 1931, from the Registrar, Mysore University, on the subject.

ORDER NO. E. 2357-9—UNI. 233-30-6, DATED 21ST DECEMBER 1931.

The University consider that the system of awarding Backward Class Scholarships on a population basis as laid down in the Government Order read above

entails certain hardship as deserving students of minor communities with very small population have often to go without scholarships. They are, therefore, of opinion that the procedure should be to consider together the students of the communities included in any group as on the same footing and award scholarships to the most deserving of them in point of merit and poverty.

2. The Director of Public Instruction states that no such difficulty is felt in his department and he is not in favour of altering the practice now in vogue so far as his department is concerned.

As, however, conditions are different in the University, Government are pleased to sanction the resolution of the University Council.

2. Government Order No. Fl. 3081-140—G. F. 90-31-1, dated 2nd November 1931, ordering, as a temporary measure, a percentage reduction in the salaries of Government Officers, according to a sliding scale, with effect from 1st November 1931.

ORDER NO. L. 4354-75—ML. 121-31-2, DATED 16TH DECEMBER 1931.

Vacancies of Accountants in grade Rs. 50-4-90 in the Forest Department.

READ—

Letter No. E. 203—909-30, dated 22nd December 1930, and the subsequent correspondence relating thereto from the Chief Conservator of Forests in Mysore proposing to fill up the vacancies in the grade of Accountants in the Forest Department by promotion of those already in service and to throw open for direct recruitment only vacancies of clerks on Rs. 25—2—45, prescribing a degree of the University as the qualification for the recruits and starting them on a pay of Rs. 35 per mensem in the grade.

The Marginally noted resolution passed by the Central Recruitment Board at its meeting held on the 12th November 1931 on the above proposal of the Chief Conservator of Forests in Mysore.

The proposal may be accepted with the proviso (agreed to by the Chief Conservator of Forests) that when a vacancy of Accountant which is to be ordinarily filled up by direct recruitment, is filled up as now proposed by promotion from the lower rank clerks, a graduate appointed in the vacancy thereby caused in the grade of clerk will be entitled to preference over his seniors in the lower grade in filling up vacancies in the Accountant's grade that may occur in future, if he qualifies himself by passing Accounts (Higher) and departmental examinations. This condition should also be notified in the Gazette while advertising such vacancies. This scheme may be tried for a period of two years in the first instance.

ORDER NO. 3103-05—C. R. B. 15-31-1, DATED 4TH DECEMBER 1931.

Government are pleased to approve of the proposal of the Central Recruitment Board and to direct that the following instructions be followed for a period of two years in the first instance with regard to the disposal of all the vacancies of Accountants in grade Rs. 50—4—90 in the Forest Department:—

1. The first batch of Accountants' vacancies should be separately classified into direct recruitment and promotion vacancies.

2. After classification, all the vacancies (both direct recruitment and promotion) may be filled up by the promotion of eligible and deserving officials of the lower grades.

3. The consequential vacancies in the grade of Rs. 25—2—45 caused by the promotion of persons to the promotion vacancies of Accountants (referred to in clause 1 above) may be classified into Special or General vacancies as the case may be and disposed of under the ordinary rules of recruitment.

4. The other consequential vacancies in the grade of Rs. 25—2—45 caused by the promotion of persons to the direct recruitment vacancies of Accountants (referred to in clause 1 above) may also be classified into Special or General as the case may be but should be disposed of as noted below:—

(*a*) A degree of a University should be prescribed as the qualification for recruits to these vacancies.

(*b*) The selected candidates should be started on a pay of Rs. 35 per mensem in the grade of Rs. 25—2—45.

(*c*) The officials referred to in (*b*) above should be promoted in preference to their seniors in the lower grades to the vacancies of Accountants on Rs. 50—4—90 in the next and subsequent batches which are registered as direct recruitment vacancies but permitted to be filled up by promotion as above, provided that such officials are qualified at the time by passing Accounts Higher and Departmental Examinations. The promotion of these officials should be in the order in which they were first recruited in their original appointments. The above condition should be notified in the Gazette while advertising such vacancies.

5. The consequential vacancies that again become available by the promotion of the officials referred to in (*b*) and (*c*) of para 4 above should be disposed of in the manner indicated in the para.

A report as to the working of this scheme should be submitted to Government at the end of two years.

The question of prescribing the G. D. A. or other suitable qualifications for the vacancies of Accountants may also be examined in the meanwhile.

Administration of the Income-tax Department.

READ—

Letter No. C. 19—31-32, dated 25th October 1931, from the Commissioner of Income-tax forwarding the Report on the Administration of the Income-tax Department for the year 1930-31.

ORDER No. Fl. 4293-311—I. T. 22-31-3, DATED 17—18TH DECEMBER 1931.

Recorded.

2. The year under review was marked by certain important changes :—

(i) The Deputy Commissioner of the Bangalore District was relieved of all Income-tax work, original as well as appellate, and the work of the whole District including the City as well as that of the Mysore City and Taluk was entrusted to the Special Deputy Commissioner of Income-tax.

(ii) Legislation to revise the rates of income-tax from 1st July 1931 was undertaken and Income-tax Amendment Regulation No. II of 1931 was passed.

(iii) A rule was framed prescribing the method of computing the taxable income from Tea-Estates.

(iv) Provision was made in the rules for the grant of relief to assessees by exempting from liability to tax, sums received by them as bonus or commission for services rendered when such sums have been paid out of profits assessed to tax.

3. *Assessment Work.*—The number of assessments made during the year was 5,650 against 5,593 in the preceding year.

4. *Demand and Collection.*—There was a fall in gross demand mainly due to depression in trade. The gross demand including opening arrears under Income-tax and Super-tax was Rs. 9,70,743 and Rs. 3,35,434 against Rs. 10,37,124 and Rs. 3,66,249 respectively of the previous year.

The net demand and collections under Income-tax were Rs. 9,66,457 and Rs. 8,94,319 against Rs. 9,58,706 and Rs. 8,81,864 in the preceding year. Super-tax was levied in 22 cases. The net demand and collection under Super-tax amounted to Rs. 3,35,433 and Rs. 3,33,271 against Rs. 3,66,248 and Rs. 3,54,820 respectively of the year previous. The balance remaining to be collected under Income-tax at the close of the year was heavy (Rs. 74,566) and it is hoped that efforts will be made for the speedy collection of all recoverable arrears.

5. The incidence of tax was two annas five pies under Income-tax and ten pies under Super-tax against two annas ten pies and one anna respectively of the previous year.

6. One other noticeable feature of the year was the large decrease in refunds under Section 49 which amounted to Rs. 44,223 against 1,20,200 in the preceding year. Owing to the enhancement of the tax in the United Kingdom, the relief to assessees from the Mysore State was proportionately less.

7. *Reference to High Court.*—There were four references to the High Court during the year under Section 66 of the Income-tax Regulation. Including the three cases pending at the close of the previous year, seven cases had to be dealt with, of which four were disposed of. The decision in three cases was favourable to Government, and one was remanded for disposal by the Commissioner of Income-tax.

8. *Inspection.*—The Inspections by the Commissioner of Income-tax and by the Deputy Commissioners were adequate.

9. Government note that the administration of the Department during the year under review was satisfactory.
